KurzbeschreibungFrom the NYT and USA Today bestselling author of the Carnal Coed series comes a workplace drama about an exclusive spa, and how one visit can change a person's views on love and life.Dumped by her boyfriend and down on her luck, Annabelle Richards accepts her best friends gift and goes to the Ecstasy Spa for an afternoon of erotic escape. She expects the sex to be mechanical and the staff to be more brawn than brains. She couldnt be more mistaken.Instead of cold and clinical, Seth is everything she has ever wanted in a man. Smart and sexy, its easy to see why he is the most requested staff member at the spa. Together they embark on a mind-blowing sexual journey of self-discovery that takes them both to heights neither thought possible. As physical attraction turns into something deeper, Annabelle wonders if she should risk going against spa policy to see if the Quick Fix she ordered can be changed into something more permanent.Note: This is a stand alone story set in the Ecstasy Spa world.KurzbeschreibungFrom the NYT and USA Today bestselling author of the Carnal Coed series comes a workplace drama about an exclusive spa, and how one visit can change a person's views on love and life.Dumped by her boyfriend and down on her luck, Annabelle Richards accepts her best friends gift and goes to the Ecstasy Spa for an afternoon of erotic escape. Every summer she drags her husband and two daughters to Maine on a quest for the perfect lobster dinner. Every fall she can be found down in Foxboro, Massachusetts cheering on her favorite football team. In between those trips, she's a chauffer, a maid, a chef, an event planner, a hairdresser, a wardrobe stylist, a tutor and a sometimes masseuse. To keep her sanity, she often drinks copious amounts of coffee and stares at the blank screen of her laptop, dreaming of great adventures. Sometimes she even writes them down for others to enjoy.
