I loved it!Von BrittaI liked this book as much or even better as the first one in this trilogy, Earth Girl.The story of Jarra just keeps getting better and better!I always like stories that are set in a world different from the one we live in, but most writers of that kind of genre create plots that are more than nerve-wrecking.I love this book because it is very, very

suspenseful, but you don't feel frightened for the characters all the time.1 von 1 Kunden fanden die folgende Rezension hilfreich. kopierschutzVon trudyIch bin kein fan von Kopierschutz aber das Buch ist so gut das ich den Teil kaufen musste um weiter zu lesen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Eher gutVon Nele VromanIch habe meinen Ankauf ganz schnell bekommen. Der Verkufer hat mir das Buch als sehr gut verkauft, ist aber nicht so. Eher gut.Dann kann man das Buch eine Jacke anziehen, als Schutzung. Das geltet bei mir noch nicht als sehr guter Staat.

KurzbeschreibungThe highly anticipated follow-up to Janet Edwards sensational YA sci-fi debut, Earth Girl.18-year-old Jarra has a lot to prove. After being awarded one of the militarys highest honours for her role in a daring rescue attempt, Jarra finds herself and her Ape status in the spotlight. Jarra is one of the unlucky few born with an immune system that cannot survive on other planets. Derided as an ape a throwback by the rest of the universe, Jarra is on a mission to prove that Earth Girls are just as good as everyone else.Except now the planet she loves is under threat by what could be humanitys first ever alien contact. Jarras bravery and specialist knowledge will once again be at the centre of the maelstrom, but will the rest of the universe consider Earth worth fighting for?Pressestimmen`With a dash of action, sprinkling of romance, some teenage angst and a couple of collapsing skyscrapers, this novel contains everything you could possibly want to grab a teenage reader and keep them utterly enthralled' Starburst Magazine`A break from the norms' SFX magazine`In her debut novel, Janet Edwards has created an authentic futuristic world with enough history and adventure to keep readers captivated' Kindle Editors' Pick - August Book of the Month 2012`Earth Girl delivers a shiny future you'll actually want to live in - perhaps the first true utopian YA. Refreshingly original with big ideas and even bigger surprises, this thrilling novel is firmly grounded in complex and compelling characters' - E. C.
