Von Elizabeth Lowell : Eden Burning before purchasing it in order to gage whether or not it would be worth my time, and all praised Eden Burning:

KundenrezensionenHilfreichste Kundenrezensionen0 von 3 Kunden fanden die folgende Rezension hilfreich. Solid ELVon Ein KundeThis is an older story by famous Eilzabeth Lowell, which she enhanced by several scenes and

deeper characters. Now, it's a very well developed plot. Both hero and heroine have problems with emotional relations. Set in the beautiful, well-described world of paradisaical Hawaii, fans of romance will certainly enjoy this novel.

Kurzbeschreibung Paradise calls to Chase Wilcox. A man of science fascinated by the rebirth of life in the wake of cataclysmic natural upheaval, he is drawn to the lush beauty of the island of Hawaii and the secrets it holds while escaping the destruction of his own personal world. Here where warm breezes caress the skin and vibrant colors assault the senses and where dangerous fires rage unseen beneath the earth's surface Chase plans to immerse himself in his work...and somehow heal and forget. The last thing he needs or wants is love. But the island is home to many unexpected wonders, which is why Nicole Ballard could never leave it. A research assistant, an artist, and a dancer a tall, stunning redhead who goes by the stage name of Pele, the goddess of fire she, too, hides a secret pain, releasing her pent-up sensuality to the accompaniment of native drums before a mesmerized audience. Nicole has never met a man quite like Chase, strong, intense, and brilliant. And he, in turn, is fascinated by this remarkable woman who seems to be a breathtaking force of nature in her own right. Fate has cast them together, causing a chain reaction that neither imagined in their most secret dreams. Joined on an important scientific project that carries them into the verdant heart of a tropical wonder land, Nicole and Chase will be forced to confront their own lingering inner darkness, while resisting a newly inflamed need to touch, to give...to care. But in the shadows of Kilauea, all restraints will be broken, as emotions flow as hot and free as rivers of molten lava. And desire will erupt, as unpredictable and dangerous as the living volcano, transforming the very landscape of their lives a torrent that no power on earth can contain, a passion that burns like fire. From Library Journal Winner of the Romance Writers of America Award in 1994, Lowell has been retooling older paperback works and reissuing them as hardcovers. Her newest revision concerns passion in, appropriately, Hawaii. Copyright 2001 Reed Business Information, Inc. Kurzbeschreibung Paradise calls to Chase Wilcox.
