Awesome!!! Von Customer I just loved this book and I can't wait for the next one in the series!!! I got this book from the author for an honest review and I have to say that I simply loved it! The world is expertly constructed and the characters are so real, that even though it is a fantasy-world you are sucked in the action right away :) I don't know how to review this without spoiling, but there isn't much to say...

Kurzbeschreibung FROM AWARD WINNING AUTHOR AOIFE MARIE SHERIDAN Sarajane Anderson is your regular twenty-one year old with family, friends and a normal job. She also happens to be the only person who can save Saskia, a parallel world to earth. When Sarajane is taken to Saskia, she could never have imagined the reality of the world that she is stepping into- a world where magical abilities are in everyone's possession. She must face a father she never knew, a world that is beyond her belief, a guardian who captures her heart; and a darkness that wants to take it. On her journey, Sarajane discovers her magical abilities and realizes too that they come with a price. She is truly tested as her own loved ones are put at risk- the ultimate question she is forced to ask herself is, how do you choose who lives and who dies?
