Recension zu Edge Play X - German and EnglishVon Wolf D.At first, dear reader, I apologize in advance for my partly crude English. I write this recension, because this book made it to collection of the best BDSM books I've read, since I have kindle ebook reader.Anyway - I liked - beside the stunning plot with it's unexpecteted end - the deep descriptions of the protagonists, their chains of thoughts, the elaboration of the the action and enviroment. The art of

the writer to describe the sexual related scenes without becoming profan. For me it was a real page turner. The only other novels with bdsm content I enjoyed in the same way during the last 12 months - beside the classic ones - see end of German recension.....Die deutsche Rezension ist keine bersetzung der englischen Fassung. Das wre ja auch langweilig. Ich habe bislang wenige BDSM Bcher gelesen, die mich dermassen gefesselt haben. Die Beschreibungen sowohl der sexuellen Erlebnisse der Protagonisten, als auch ihrer Motive und Gedankengnge sind sehr gut beschrieben ohne in vulgre Sprache abzugleiten. Sicher htte man die Charaktere noch tiefer ausarbeiten knnen, aber das Buch ist so schon lang genug, wird aber nie langatmig. Im Gegenteil. Es ist spannend bis zu dem tollen Schlu. Ich will hier nichts vorwegnehmen. Der Schluss hat mich berrascht, aber er lste alle Rtsel sauber und logisch auf. Ich habe das Buch seit Dienstag durchgelesen und dafr noch nicht mal meine Lieblingsserie "Death in Paradise" auf ZDF Neo geguckt. (Aber aufgezeichnet) Die einzigen Bcher aus der BDSM Welt, die mir gleichermassen auf Kindle gefielen - die Klassiker mal ausgenommen - waren: "Dangerous" a novel by Sandra Kishi Glenn (English) "Demonstration" a novel by Christiane Macher (German) "Sie er" short stories by Christiane Macher (German) Berlin 14 Juli 2013 Wolf

Kurzbeschreibung When a dominatrix named X is kidnapped by a man with CIA credentials, she is given a choice: dominate a billionaire named Terry Compton or suffer the consequences. But there are a few things that she should know. The CIA has reason to believe that Compton has been funding the movement of artillery through the Middle East. And another thing, there's a possibility that Compton murdered his last dominatrix, a CIA agent. Edge Play X starts simply enough. Whip him and plant a bug. Tie him up and take a few photographs of him in case the CIA needs to blackmail him later. Unsure if the government is telling her the truth about Compton, X doesnt know what to believe or whom to trust. X's journey takes her out of the dungeon and ultimately on to discover the true nature of SM. After she goes to Paris with Compton and encounters Simeon at an orgy, Xs life gets even more complicated. Torn between three men Compton, Simeon, and Michael, a man who genuinely seems to want to help her X forms a plan to free herself from the situation and get some clarity. But other players have different plans in mind for X. Original, provocative, and seductive, Edge Play X is an erotic thrill-ride that will leave the reader wondering who is ultimately dominating whom. Its time to experience SM fiction at its finest with this cult-classic in the making.
