Von Jennifer Melzer : Edgelanders (Serpent of Time Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Edgelanders (Serpent of Time Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A new twist on the werewolf genreVon cybitThis book is a mixture of medieval fantasy and werewolf stories and just the start of a series.The author is still able to introduce us to one race after the other without overwhelming us like other fantasy writers do.The way stories within the story tell us about the background of the world and the people in the

world is something I haven't seen in too many books. I think that this has been done really well. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Wonderful read! Von Kindle-Kunde A supernatural fairytale. I'm looking forward to reading the sequel. Great characters, who are easy to like. Well written. X

Kurzbeschreibung When Princess Lorelei of Leithe overhears her fiancés plot to murder her on the way to their wedding, she does the only smart thing: she runs. Into the Edgelands, the savage, woodland home of the legendary Ulfer, a race of fierce wolves who walk as men, she knows she is as good as dead, but she would rather be torn apart by werewolves than die by Trystays hand. A young Ulfer warrior named Finn catches her scent on the wind and finds himself possessed by an unnatural desire to shield and protect her from that which hunts her. From the moment he first sees her, Finn knows she is his. He feels her heartbeat, knows her soul, and he will do anything, even suffer exile from the Edgelands to be with her. But there is more to Lorelei than meets the eye. She is like Finn; there is Ulfer blood in her veins, a beast beneath her skin she never knew was there. The answers she seeks lie south, in the frozen tundra of Rimian, where a village of people just like her have been waiting for Lorelei to come and save them since before she was even born.
