Touchingly WarmVon Maria RomeroEgan Cassidy has lived his life by his own set of rules due to the life he has

chosen. Always keeping a safe distance from any entanglements or friendships of any kind. Until the day that he receives a phone call from an old nemesis of his telling him that he has a son. The one time that he had become careless was now going to cost him. Maggie was the woman he could never forget after a most heavenly week with her. He left her side thinking that he would hold her face in his memory until the day he died. But fate had other plans. His nemesis had now kidnapped his son and wanted Maggie and him to come get him. He would do anything for Maggie move heaven and earth if that was necessary, but Egan knew what this mission would mean to him. A battle to the death. A fast pace novel which keeps you on the edge of your seat and touches your heart and unknowingly makes you hold your breath wondering what's next. I have read most of the books in the Protectors series and have loved all of Mrs. Barton's books. I only hope that Mrs. Barton continues the series I have yet to try and get a hold of the earlier books but I'm trying, they are worth the read!
