but sweet Von Silvia This is not a novel-length W+G story. Instead it's some sort of ficlet, an interlude between Widdershins and Threshold. It's written from Griffin's POV which is a nice change (not that I mind 'listening' to Whyborne, quite the contrary), but it's a refreshing new take. Griffin has the perfect Valentine's day planned for his sweetheart but it wouldn't be a W+G story if supernatural thingies weren't to throw rocks in their path... and of course they get their romantic get-together in the end, although it doesn't go exactly as planned. It was fun to read, lovely, enjoyable - sweet and hot like spiced wine on a cold day :-)

If by the first book I was not sure if it was a 3 stars or a 3,5 stars read for me, here I didn't have any hesitation at all. It was too short, thank God, and it was the only reason I managed to read it up to the end! The Griffin's POV - no, NOT LIKE IT, why his POV sounds suddenly like a woman's POV?! A cemetery house childish mystery... NOT PRESENCE of any chemistry, confused sex with a sudden role change. I couldn't enjoy it!!! This one goes directly to my everybody-likes-but-me shelf. I'm sooo not impressed that I lost any inspiration to read the next sequels

So much so that even though they are living together you always like to visit them. There is always something new, exciting, raw and sweet to experience.

Kurzbeschreibung Griffin Flaherty wants nothing more than to create a perfect Valentines Day for his lover, Dr. Percival Endicott Whyborne. Dinner at a fancy restaurant, an evening at the theater, and a romantic interlude at home should do the trick. But a new client with an urgent case puts Griffins plans in jeopardy. A magic talisman has been stolen, and if it isn't returned by sundown, disaster will befall not only on the thief but the innocents around him. Can Whyborne and Griffin track down and return the amulet by nightfall, or will dinner reservations become the least of their worries?

Note: This story takes place between the events of Widdershins and Threshold, and is part of the Whyborne Griffin series.
