**Von Lisette Allen : Elena's Destiny (Black Lace)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Elena's Destiny (Black Lace):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Great in

patches but Elena is too remote and gives no insight. Von Ein Kunde This starts with a bang (literally!) and has some great erotic moments, but the sessions with Elena give no real insight as to her motivations (apart from lust for her Breton Knight). I would have liked to hear more of Elena's erotic feelings. There's no doubting she's got them. Elena is reputedly cold and unemotional, and I suspect that the author has placed too great a distance between herself and Elena in trying to convey this aspect of our heroine. For my money Henriette is far sexier - she at least has the courage of her convictions and is willing to totally abandon herself to pleasure, something that Elena could never really do.

**Kurzbeschreibung** The stunning sequel to Elena's Conquest. The year is 1073. The gentle convent-bred Elena awakened to the joys of forbidden passion by the masterful knight Aimery le Sabrenn, has been forcibly separated from her lover by war. She is haunted by the memory of him. Then fate brings her to William the Conqueror's dark stronghold of Rouen, and a reunion with Aimery. Although Elena is still captivated by his powerful masculinity, she discovers that Aimery is no longer hers. As the King's formidable knights prepare for war, Elena must fight a desperate battle for Aimery against her two rivals: the scheming Isobel and a wanton heiress called Henriette. Dangerous games are played amidst the increasing tension of a merciless siege.
