Groartiges Gedankenspiel Von Ein Kunde Leider scheint dieses intelligente Buch um eine Frau, die Hitler erschiet bevor er gefhrlich werden kann und zwei Bnde einer "Geschichte des zweiten Weltkrieges", die ihre Enkelin in ihrem Nachlass findet scheinbar etwas in Vergessenheit geraten. Ich kann nur raten, sich das Buch zuzulegen.

Kurzbeschreibung When the mysterious, beautiful Elleander Morning travels through time to Vienna in 1913, her aim is not to visit the birthplace of Schubert and Strauss. Instead, she has come to assassinate a struggling young artist. His name: Adolf Hitler. But 60 years on, long after Elleander has changed the path of the world, a mysterious book - the history of a terrible, global war that never was - threatens to unravel reality. As the horrific past - a past that never happened - begins to reassert itself, billions of lives lie in the balance . . .

Werbetext A seductive, compelling alternate history in the tradition of The Man in the High Castle.
