Thank you for such a great read!Von CustomerFirst of all I have to say that I haven't enjoyed a book that much in a long time.The story was very well rounded and I loved the characters Julie and Scott so much that I would have finished the book in one sitting, if I'd had the time, just to know how it ended.Congratulations to new author Judy Kentrus.I'm

looking forward to reading your next book.

Kurzbeschreibung Julie Keaton is an attractive widow, raising two children on her own. Its a never ending challenge being both mother and father, but shes worked hard and is proud of what shes been able to provide for her children. Shes never accepted the circumstances behind her husbands death. Was it a tragic accident or was he killed because he knew too much. Fate steps in when Julies sister asks her for a last minute favor. Mardi owns a party specialty and catering business. Julie is to pop out of a birthday cake, do a little bump and grind and faux strip tease, for an 85 year old senior citizen. Its an easy \$200.00 for a half hours work. Julies favor turns into a nightmare, when the banquet staff delivers the cake to the wrong party. The birthday boy is no geriatric senior citizen but a virile, handsome male no older than 35. Scott Landis was losing interest in his surprise birthday party. His boredom is cut short when his special birthday gift arrives in the form of a sexy, blond stripper. It had been a long time since he felt this instant attraction to a woman, especially a female who makes her living entertaining men. When he gets hit in the face with a lacy red garter, he decides its time to have a little fun, and wonders how much she would charge to celebrate his birthday in a more private setting.
