What a dark and sexy start of a series!!!Von Anne B.With the first words and pages a got hooked instantly by this dark and sexy story! The writing is easy and you really can't put it down till you've finished the last sentence. It's far away to be romantic with a HEA to be expected, no way. But i love that aspect very much! You will likewise hate but also be drawn to Theoden, this sexy cruel SOB-Vampire to get in charge with his new "pet"! And Noel, the poor guy that get's a punishment he would have expected last....The only thing i have to complain about is that this hot and sexy book is far too short....but lucky us, the second book will hopefully be available in near future!0 von 0 Kunden fanden die folgende Rezension hilfreich. Good idea, not so good realisationVon Y.Y.I liked the idea of this world, with supernatural creatures being part of it and having taken over the world with humans either fighting against them or working with them.That being said, I'm a big fan of formalities like proper grammar, spelling and tense use. I particularly dislike unneeded tense jumps and this novella has a lot of that. I know that different tenses need to be used to convey different times, but you still have to follow certain rules and this story doesn't do that. It has also a few noticeable spelling mistakes. All in all I won't be reading anymore stories in this series. But if you don't mind the tense jumps, go for it. The story idea itself is interesting enough!

KurzbeschreibungIve been betrayed by someone I trusted. Because of him, I was captured by my loathed enemy: The vampires. Right now, the sun is still high in the sky, but I know when it sets, Im as good as dead. They cant wait to get their fangs into me. I guess some would say I have it coming. I did raise a lot of hell with my Resistance crew, and I was planning on raising a hell of a lot more at dawn before I was sold out by Jonah. The vampires, werewolves and dragons, have been trying to track me down for months and Id always been two steps ahead of them. *Laughs* I guess my number is up. I just hope they make it quick. You see, the vampires in my reality arent the romantic lot you read about in books. They dont sparkle or hang out at high schools with their teenage girlfriends. Hell no, vampires are brutal, calculating, sadistic and bloodthirsty. As a matter of fact, all of the monsters are! Thats how they were able to take over the world so easily and change an entire civilization to suit their needs. Whatever happens, I know its not going to be pretty, so Im preparing myself for the worst. May God help me. Warning: This novelette series contains hardcore sexual situations between men, not meant for sensitive eyes. Im talking crude, lewd and full of attitude. This series will most likely either offend you or get ya revved up. This series isnt going to be pulling any punches whatsoever, so youve been warned. Mature Adult Content meant for readers looking for something dark, taboo, sexy, and unapologetic in their paranormal erotica. This is NOT a romance. This novelette is approximately 13400 words.*As of 12/30/14, this novelette has been re-edited so that you can enjoy reading about Noel's journey as much as I enjoyed writing it. Thank you for your patience and understanding.KurzbeschreibungIve been betrayed by someone I trusted. Because of him, I was captured by my loathed enemy: The vampires.
