Von Jean-Jacques Rousseau : Emile (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Emile (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. A must read Von Manuel Haas Rousseau's "Emile" is a must read for everybody who is interested in education. The book may be more than 200 years old, but many of its insights could come up in any brand new treatise about modern methods of teaching. "Emile" is the fictitious account of the ideal education of a boy. (Maybe it was Rousseau's way of dealing

with his own failures as a father.) Rousseau believes that education must be to blame for the deplorable state of the world, as "Everything is good that the Lord has made, it only degenerates in the hands of man." So Rousseau rejects the drill and cruelty of the schools of his times, he opts for freedom and learning by doing. Much of this is utopian, of course, but in one of his brilliant remarks Rousseau claims that "saying: Suggest something that can be done, is like saying: suggest what we have been doing all along." This is one of the most brilliant books I have ever read. If you read just one book about education, make it this one, even if you are not prepared to agree with Rousseau. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good book with an excellent introduction Von Ein Kunde This was a good translation of the book, though what really stood out was a thorough introduction. For Rousseau Scholars, Emile is one of Rousseau's major works: in part a treatise on education, we find in Emile Rousseau's illustration of a major theme -- man is intrinsically good, but that goodness is beaten out of him from assorted external factors. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Note that this translation is abridged. Von Anthony Krupp (Ignore my 2-star rating, I had to put in something in order to get this review online.) As I cross-checked the passages that most interested me with the French edition, I was surprised to find that entire paragraphs are left out of this English translation. I cannot yet speak for the comprehensiveness of other English translations.

Synopsis The MacMahons are the central characters and even more so when Helen the wife mother disappears..everyone assumes that she has drowned in the lake. Thus begins a tangles, touching, sometimes tragic story of love, loss misunderstanding.
