Von Lucy Maud Montgomery : Emily of New Moon (Illustrated) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Emily of New Moon (Illustrated) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen7 von 7 Kunden fanden die folgende Rezension hilfreich. A dark, starry and mysterious beauty...Von Ein KundeOf all the Montgomery novels I have read, I find the "Emily"-Series the best. These books have a dark, starry and mysterious beauty all their own. The series reflects the maturity and mastery which LMM attained near the end of her life in the artistic, sometimes flowery, portrayal of very special people growing in mind, spirit and body. In the Emily-Series, she describes not only Emily's own story, but also the influence her life has on the persons in her environment.Emily is destined, no, she is fore-ordained, to become a writer. And she must suffer all the heights and depths which such a sensitive soul must suffer to attain her calling in life. Lucy Montgomery does a wonderful job of describing this very special child and her struggles, leading to the moment in which Emily passes the threshold between childhood and womanhood.Interesting is also Lucy Montgomery's autobiographic influence in these novels. Interesting also, that Emily is psychic, her recurring "flashes" allowing her for short periods to penetrate the veil between this world and the spiritual world around us. Lucy Montgomery would

never have had the liberty to write such things in the Anne-Series, also reflecting her growing maturity and self-assuredness as a writer. The pain involved in Emily's growth is sometimes so intense, that the novels even effected me personally. I have read all three books several times, so I warn anybody who wants to take up the challenge: once you start, you won't be able to put them down, so make sure you have enough free time available.3 von 3 Kunden fanden die folgende Rezension hilfreich. One of LMM's best! Von Ein Kunde This is a delightful book! In some ways, it is like Anne of Green Gables--Emily is a orphan who goes to live with strict guardian--but it has its own special charm. The characters are more developed, though I LOVED Marilla, Matthew, and the rest of Avonlea, Cousin Jimmy, Aunt Nancy, Aunt Elizabeth, Dr. Burnley, and Mrs. Kent (Teddy's mother) is even more interesting. The Murray clan is absolutely hilarious! And Emily's friends are pretty special too. They are all unique--hot-tempered Ilse, crude but lovable Perry, and Teddy (my favorite!) Each episode is a work of art--and the adventures are even more delightful looking through Emily's eyes in her letters to her Father. Emily gives a special tang to everything--she isn't as sweet as Anne or as lovable as Pat, but there is something about her--mysterious, passionate, ambitious--which makes her just as delightful, or even more so.3 von 3 Kunden fanden die folgende Rezension hilfreich. Some books exist. These live. Von BH Harris Anne of Green Gables may be L.M. Montgomery's best-known book, but it doesn't deserve to be. While Anne is somewhat superficial and Pollyanna-ish, Montgomery gave Emily all the light and darkness of a living being. Emily's character is developed through her own eyes as she writes in her journal, but a hilarious, pathetic, wise, and unforgettable supporting cast prevent the books from being too introspective. Montgomery does occasionally fall into her besetting sin of over-flowery descriptions, but they in no way detract from the haunting beauty of this series.

Kurzbeschreibung Similar to her earlier and more famous Anne of Green Gables series, the Emily novels depicted life through the eyes of a young orphan girl, Emily Starr, who is raised by her relatives after her father dies of consumption. The series was less romanticized and more realistic than the Anne novels. Montgomery considered Emily to be a character much closer to her own personality than Anne, and some of the events which occur in the Emily series happened to Montgomery herself. Emily is described as having black hair, purply violet eyes, pale skin and a unique and enchanting "slow" smile. **Pressestimmen** This adaptation of L.M. Montgomery's classic story will now enchant a younger generation of readers: There are over 75 million copies of L.M. Montgomery titles in print! **Werbetext** From the author of Anne of Green Gables comes the Emily of New Moon trilogy, with a spirited heroine who will beguile readers of all ages. Emily's story is heart-rending, magical and completely unforgettable.
