EntertainingVon Kindle JunkieBasically, I agree with M. Carrigan's review (.com). Technically, the writing is good.As
for the story .. well, it is fiction. In order to survive in NYC (to at least get a job to pay the rent) and prove herself
capable, Emily drops her well-known family name. Marco's reaction to finding out about her little name change is over

Alert!This book is well written and quite interesting till the very end though I was struggling to believe this was
actually possible to happen in real world. It's kind of reverse Cinderella story rich girl has to live like she's poor to be
able to get a job and is still struggling to succeed. Then she learns prince charming but the lies threaten to destroy their
happiness ... and they lived happily ever after.Still the way Sandra Marton develops the story and the characters lets
you look over the flaws and long for the next book in the series - which I will read some day :-)

SandraKleiner Abklatsch von Shades of Grey;) Aber nicht minder schlecht, jedoch mit vorhersehbaren Ende :D
Das Englisch ist auch fr nicht Muttersprachler gut verstdlich. Wer einmal angefangen hat will das Buch auch gleich
durchlesen. Mit seinen 230 Seiten ist es ein nettes Buch fr ein paar gemtliche Stunden
