Von Nora Roberts : Enchanted: The Donovan Legacy before purchasing it in order to gage whether or not it would be worth my time, and all praised Enchanted: The Donovan Legacy:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mildly entertainingVon Ein KundeI hadn't read the first three books in the series when I picked up ENCHANTED so I didn't

have any idea what to expect. The book started out well and although I was entertained by Liam's shape-shifting and spending time with Rowan as a wolf, I expected her to really let him have it for violating her privacy when she found out that her friend the wolf was really Liam. Ms. Roberts is usually very good at these confrontational scenes. But Rowan pretty much just accepted the whole thing with barely a protest. Not only did the guy spy on her while she was bathing and worm his way into her affections under false pretenses, but he violated the sanctity of her mind by reading and manipulating her thoughts! Shouldn't Rowan have been just a tad more steamed? I enjoyed this romance on the level of fantasy and wish that Ms. Roberts had not tried to give witchcraft a credibility it does not have. Wicca has no connection to the ancient Celts or any other ancient pagan religions. It's New Age and occultic mishmash that was quite literally invented in the 1960s. This story would have worked much better if Wicca had not been mentioned and the witchcraft and shape-shifting had retained the dreamy quality of a good fantasy novel. 0 von 0 Kunden fanden die folgende Rezension hilfreich. More Donovan's please but not like this one. Von Leslie Trampusch So disappointing after the wonderful books Captivated, Entranced, and Charmed. Nora should have left well enough alone if this was the only inspiration for continuing the series. A self-centered hero and a lovestruck wimpy heroine, no plot. The premise had promise but there was no follow through. This Donovan, Liam is a second cousin to the original Donovans. He's isolated himself in the mountains to make a life altering decision. He must decide whether or not he wishes to assume the mantle of Prince of his people from his father. On the wind is carried a message... Love is coming for him. He is determined not to let this influence his choice, in fact he shrewdly decides to use the fact to support his ultimate decision. As prince he must marry another hereditary witch. Should the woman not be so, he can use his love as an excuse to decline. Should she be one, he can reject her and make it his reason to decline. His gift is the ability to shapeshift. His favorite form is that of a wolf and that's how he meets the heroine. She is on retreat in an effort to come to a decision of her own. She is dissatisfied with the life choices that have been essentially made for her. She is unfulfilled with her teaching job and with her blase' relationship with her fiance'. She wants to be alone to make a life altering decision. So far so good. She is taken with the wolf but not so taken with his human counterpart. He is determined not to let her get close in his human form. He does, however, take advantage of her loving nature in his animal form, sleeping in her bed, watching her bathe. Ugh. The catch is that he knows she is a hereditary witch, a fact that has been kept from her. At last, in order to reveal what she is to her, he must reveal himself. Justifiably furious with his deceit, she flees, staying away and rebuilding her life until approached by Liam's mother who tells her he's miserable. Swallowing her pride she returns to him. He grudgingly admits that he loves her qualifying it by saying that he doesn't have to like it. Sheesh. Oh and by the way he's decided to be prince regardless of how his romantic life turns out. What a boor! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Needs Some Work Von Ein Kunde Its great to see Nora return to the realm of Paranormal romance. Unfortunately, this novel was a bit weak, even for her. Numerous problem areas beset this latest edition to the Donovan Legacy. Weak plots. Characters use magick in fantastic ways without mortal limits almost to the point of ridiculousness. Her heroine Rowan was bland, easily led and had poor self esteem. About the only thing interesting about Rowan was her name. Even her inner dialog was a touch dull. I was mildly irritated that in order to get some measure of self esteem she had to learn to use magick. (I don't have a problem with magick, but I do think its a poor substitute for normal self empowerment). Liam embodies 'dark brooding alpha' and spends a lot of time brooding about. Even when visiting his cousins he seems a touch on the cold side. Also his powers were a bit overblown. (Teleporting them both to Monterey etc., without even sweat on his brow) I would like to have seen Liam a little less self absorbed and controlling or at least have Liam pitted with a more feisty heroine who could stand up to him when he starts getting overbearing and domineering. Overall, a two star rating for a book of Nora's is a four star rating for anyone else's. While well worth reading, this one was not quite up to her usual standard

Kurzbeschreibung Get swept away to the Oregon coast in the final novel in #1 New York Times bestselling author Nora Roberts' Donovan Legacy series. Their family shares the Donovan Gift. Each cousin has special powers that set them apart from ordinary mortals. But while their gifts bring great responsibilities, they bring even greater rewards... Liam Donovan finds himself drawn to lovely, guileless schoolteacher Rowan Murray. But before he trusts her with his heart, he must trust her with the truth about his family and his own incredible ability... deSetting: Oregon coast, present day Sensuality rating: 6 New York Times bestselling author Nora Roberts delivers pure magic with the publication of Enchanted, part of the Donovan Legacy series. Lovely schoolteacher Rowan Murray has always done what others thought was best for her, until she decides to take a vacation at a friend's remote Oregon cabin. There she finds herself drawn to her neighbor, brooding Irish loner Liam Donovan, and to a golden-eyed black wolf who appears at her door. Rowan suspects there is more to Liam than meets the eye when he begins haunting her suddenly very steamy dreams. Together, Liam and the wolf--and the quiet majesty of the Oregon coast--influence Rowan to make her life her own and her hopes reality. --Alison Trinkle Pressestimmen "Roberts's bestselling novels are some of the best in the romance genre." - USA TODAY "Nora Roberts is a storyteller of immeasurable diversity and talent." -

Publishers Weekly "Romance will never die as long as the mega-selling Roberts keeps writing it." - Kirkus s"
