**Von C.J. Box : Endangered (Joe Pickett series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Endangered (Joe Pickett series):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. CJ Box is back Von Juehel always was a great fan of the Joe Pickett series, but the last few installments were somewhat - well - lame. C.J. Box seemed to have lost the spirit, the stories dragged along, plots got more and more bizarre,

inconsistent and improbable, with 'Stone Cold' as the low point in the series. So I picked up 'Endangered' with mixed feelings and was utterly pleased to see, that CJ Box has gotten back on track. The storytelling is clear and fresh, all parts fit nicely together with many surprising twists. Great description of the scenery and loving attention to fine details, strong characters and crisp dialogue. The story starts at full pace and doesn't slow down till the end. The ending is such that one can expect the story to continue and I very much look forward to the next installment. Many thanks to CJ Box for the delightful hours of reading !0 von 0 Kunden fanden die folgende Rezension hilfreich. Exposing the Feds for what they are Von Norman William I always get a kick from C.J. Box which is why I've read so many of his Joe Picket books. He takes a straight arrow family man through any number of harrowing incidents and leaves him somewhat stronger and more enlightened at the end. Joe is so straight it sometimes hurts but thanks to his completely uninhibited and natural justice driven friend, Nate Romanowski, the bad guys go down and the good guys prevail in the end. The butt of most of the scathing criticism are the agents of those people we mistakenly elect and entrust with serving our better interests. Governor Rulon as a states rights forces is often too devious for his own good.0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr gut! Von Addie Typischer, spannender Joe Pickett-Krimi - ich hoffe, es kommen bald weitere Folgen! Endlich war auch Nate Romanowski wieder dabei - ich mag seine gesetzlich sicherlich nicht ganz einwandfreie Art der Selbstjustiz ;-)

Kurzbeschreibung Blood is thicker than water. Joe Pickett has good reason to dislike Dallas Cates, rodeo champion. And now Joe's foster daughter, April, has run off with him. Then comes even worse news: April has been found barely alive in a ditch along the highway, and the doctors don't know if she'll recover. Cates denies having anything to do with it but Joe knows in his gut who's responsible. The problem is there's no proof. Joe's going to find out the truth, if it kills him. And, as he confronts the ruthless Cates clan, it just might. Pressestimmen Praise for Endangered All the action and suspense of Box's long string of high-country adventures. Endangered is one of Joe's best. Kirkus's (starred review) Is there a crime-fiction family as fully fleshed out as Joe Pickett's? In singing the praises of Box's series, we often praise the plotting, pacing, and the down-to-earth hero's friendship with force-of-nature Nate Romanowski. But Pickett's supporting cast lends a continuity and grounding to this series that sets it apart from all the lone-wolf stuff out there. A carefully constructed plot building to a breathless, thrilling end. Booklist Series fans will love this thriller. The nonstop action, intermingling plotlines, and the return of familiar characters all mesh into a breathless, roller-coaster ride of sheer suspense and entertainment. Library Journal An edge-of-the-seat thriller. A tightly coiled plot that springs from surprise to surprise. South Florida Sun-Sentinel Once again, Box delivers a winner. Grade: A. Cleveland Plain Dealer More Praise for the C. J. Box and the Joe Pickett novels One of today's solid-gold, A-list, must-read writers. Lee Child Picking up a new C. J. Box thriller is like spending quality time with family you love and have missed... Its a rare thriller series that has characters grow and change. An exciting reading experience for both loyal fans as well as newcomers. Associated Press Box is a master. The Denver Post Box knows what readers expect and delivers it with a flourish. Cleveland Plain Dealer Wyoming game warden Joe Pickett strides in big boots over the ruggedly gorgeous landscape of C.J. Box's outdoor mysteries. The New York Times Book Riveting... [A] skillfully crafted page-turner. People Will keep you on the edge of your seat. The Philadelphia Enquirer Kurzbeschreibung Blood is thicker than water. Joe Pickett has good reason to dislike Dallas Cates, rodeo champion. And now Joe's foster daughter, April, has run off with him. Then comes even worse news: April has been found barely alive in a ditch along the highway, and the doctors don't know if she'll recover. Cates denies having anything to do with it but Joe knows in his gut who's responsible. The problem is there's no proof. Joe's going to find out the truth, if it kills him. And, as he confronts the ruthless Cates clan, it just might.
