Hervorragender Vertreter des Romantic Suspense Genres!Von LoveLetter MagazinAls bei einem Bombenanschlag in einem verlassenen Hotel in San Antonio drei US-Senatoren sterben, kommt das Spezialkommando Last Chance, Inc.

zu einem weiteren Einsatz. Neu zum Team stt die Sprengstoffexpertin Samantha Waters. Diese beginnt auch gleich mit den Untersuchungen, wobei sie tatkrftig vom Geheimdienstmann Payton Reynolds untersttzt wird. Die Mitglieder der Sondereinheit stehen vor einem Rtsel, da die Indizien einem Terroranschlag widersprechen, aber sonst kein Motiv auszumachen ist. Als weitere Anschlge geschehen, wird der Druck immer grer, den Schuldigen zu finden. Der jedoch beginnt nun ein makabres Spiel mit Samantha. Sind die Hinweise und explosiven Geschenke nur dazu da, die Ermittlerin an der Nase herumzufhren, oder befindet sich Sam in ernsthafter Gefahr? Payton will keinesfalls warten, um das herauszufinden, sondern setzt sofort alles daran, die Frau, in die er sich verliebt hat, zu beschtzen. Teil zwei der Last Chance, Inc. Trilogie bietet eine Steigerung zum Vorgnger Endgame". Die Spannung bleibt konstant hoch, dabei ist schn zu beobachten, wie der Fall sich langsam aber stetig durch Teameinsatz aufklrt. Die Romanze zwischen den Protagonisten entwickelt sich in vergleichbarem Tempo, sehr erfrischend sind vor allem die Liebesszenen zwischen zwei wirklich gleichberechtigten Partnern. Als Bonus ist Payton auch noch ein wahrlich gequilter Held, der sich nur schwer aus den Schatten der Vergangenheit lsen kann. Enigma" ist ein hervorragender Vertreter des Romantic Suspense Genres mit genau der richtigen Mischung aus Krimi und Liebesroman. 0 von 2 Kunden fanden die folgende Rezension hilfreich. Order out for pizza and get comfortable. Von Detra Fitch Samantha "Sam" Waters may look like a dainty and fragile person, but the true is the opposite. Sam is an Army Brat who, as her father before her, loves the challenges that come with living on the edge. She now holds the coveted position of EEO, Explosives Enforcement Officer. And she is one of the best alive. Because of this, she is asked to join an elite secret government agency, Last Chance. Her help is needed to find out who placed a bomb in an almost empty hotel (undergoing extensive renovations) in Texas, killing three senators. Payton Reynolds is a CIA black ops specialist with a dangerous and deadly past that still haunts his nightmares. His primary concern is to keep Sam alive. Hard to do though. Sam's passion for taking risks to get her job done quickly and thoroughly is shredding even his nerves. But this is one, of several things, that attracts Sam to him. But evidence soon shows that the bomber has been preparing for a special event for many years. Everything he has done was to get Sam's attention. He wanted Sam on the elite team. He wanted her to figure out his messages. He wants her! ***** The first book in this trilogy is "EndGame". The main characters for it return as secondary characters in this tale of intrigue. The last book will be released 9/05 and should be titled "Exposure". Each novel is a stand-alone story. Yet they all center on the elite team of Last Chance. I did not think that the author could possibly do better than "EndGame". Yet Dee Davis has surpassed all my expectations. No matter how much I needed to get things done around my home, I simply could not put this book down. Chores could wait. Dinner can be delivered. So make sure you will not be interrupted (A.K.A. take the phone off the hook) and get comfortable. Then let Dee Davis take you on one heck of a ride! ***** Reviewed by Detra Fitch of Huntress Reviews.
