Von Viola Rivard : Enslaved by the Alpha: Part Five (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Enslaved by the Alpha: Part Five (English Edition):

This series is the most nerve-wracking, mind blower, edge of your seat story line. I love every installment! Viola Rivard pours her heart and soul into this story. The characters are riveting and some are unsuspected helpers. The fear that Astrid has with

regard to getting pregnant resonated with me. I believe Viola takes real life changing events and weaves a wonderfully, touching, exotic story. Her characters are well developed and represent real life events. This mating thrall showed us a softer side to Erik; will he be able to divide his time to Astrid and his clan? A death in the clan will alter events for a bit. Can Erik be in two places at once? Can Erik trust his brother with his mate? I do not want this to end.

KurzbeschreibungBad news leaves Erik torn between the mating thrall and securing his pack. Meanwhile, Astrid struggles to manage her expectations about the outcome of the thrall and her growing feelings for the abrasive alpha.KurzbeschreibungBad news leaves Erik torn between the mating thrall and securing his pack.
