**Von Viola Rivard : Enslaved by the Alpha: Part Six (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Enslaved by the Alpha: Part Six (English Edition):

Sexy, Sweet and oh so Spicy Sten!Von RobynJust when I think we are headed for the end Viola hits me with her best shot! WOW another great installment in the Enslaved by the Alpha. In part 6 Astrid struggles to deal with the attack in part 5 and now the possibility of pregnancy. All the other wolves smell the change on her. Years of infertility and

medications all for this to happen in a mating frenzy one time, yikes. Erik is still away trying to figure out what the Bear Clan are doing near the bordering lands. With some negotiation making headway Erik cannot get Astrid off of his mind. Back at the den Astrid is spending more time with young Halley, Stens daughter. Oh and hottie Sten! Is this going to turn into some threesome? Yummy! Heat and passion are on the rise and now Astrid is mentally confused about the sexual relationship of Erik and now the passionate loving Sten; we should all have this problem. Viola Rivard hits another home run with this story. I do not want this to end.

KurzbeschreibungWith the thrall over and ominous findings at the southern border, Eriks focus should be on securing his pack. Instead, he finds himself more distracted by his mate than ever before.Astrid isnt sure what shes more in denial about: that fact that shes falling for Erik, or the possibility that shes pregnant.KurzbeschreibungWith the thrall over and ominous findings at the southern border, Eriks focus should be on securing his pack.
