Von Tigris Eden : Enslaved In Shadows (Shadow Unit) before purchasing it in order to gage whether or not it would be worth my time, and all praised Enslaved In Shadows (Shadow Unit):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A storyline full of tensionVon Tebea Zoe LanthmonI liked reading the book about Jesminda and Raven meeting, seperating and finally meeting again. It is a paranormal romance for mature readers. Lots of fantasy figures and shifters help Jesminda against her ex-husband who's been abusing her whenever he could.. Still he wants her back and

doesn't recoil from using her daughter against Jesminda and Raven. Since the book includes graphical sex scenes only mature readers should read it...For me it was a pleasure to read, just for fun without any educational or historical background. But hey just relaxing and immersing into a book is great.
