Nette Fortsetzung Von reader The book is pleasant to read and starts with Mias defiance during the party and hilarious scenes when she meets Camerons family. But then the story is lacking if you expect BDSM. Mia obviously needs and wants to be a submissive, and is aching for a strong Master. Cameron is strong and has two weeks to train Mia to become a

perfect submissive for his friend Richard and help her free a dark secret that is keeping her from completely trusting both Cameron and Richard. Dominating Mia is bringing up feelings for him that he didn't anticipate. The chemistry between Mia and Cameron is hot, better than between Mia and Richard. This book is so different than other BDSM novels that I've read. In the other books the characters participate in the scene mostly for the pleasure, this one is mostly about healing. It is not a real BDSM story, Mia gets a little training but nothing that would turn her into a real submissive. The training described has nothing to do with real training of a submissive. There is hardly any punishment for misbehaving, neither improvement on Mia's part and her constant still feisty behaviour. Apparently Mia has no idea what submission is about. Her last training tests her obedience reaction time and punishes delay with the waterhose. Mia fails often and attacks both doms when she can't bear the water. This shows she isn't submissive at all. The idea of "Chrysalis" is good, but unfortunately the author fails to explain what is going on. Mia got an "education" (during two weeks), but hardly any training as submissive like pleasing her Master by being silent, making acquaintance with flogger, paddle, punishment/sexual spanking... What did she do all day long? She was supposed to work as Cameron's assistant, some description of that would have been interesting. The author gave us a well written, captivating story, in spite of the criticized points, also full of twist and turns that I kept turning the pages, I would characterize it as a romantic, erotic novel but not BDSM. Great cliffhanger in the end.

Kurzbeschreibung This is the escalation of the forbidden. This is the power of Enthral. Deemed too feisty to train. Too defiant to dominate. Mia's journey into the world of the forbidden takes its next step. Richard Booth, her master, must make the crucial decision... let her go or give her over to the only man who can truly subjugate her, Cameron Cole, Director of both Enthral and the preeminent BDSM manor Chrysalis, and a connoisseur of the dark arts. Cameron's gift with shaping blossoming submissives will ensure Mia reaches her potential, a destination that may take her too far. Mia's choices will lead her to places both within and without that she never dreamed possible. But when her training is complete, will Cameron be able to return her to Richard, or will her transformation have bewitched him beyond repair?
