**Von Ryk Brown : Ep.#10 - "Liberation" (The Frontiers Saga) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ep.#10 - "Liberation" (The Frontiers Saga) (English Edition):

Unbelievable, that suspence!Von starbooksIHThis man can write battle scenes, in air and space, that even in book 10, are always exiting and want you to rush to the next page, wanting to know how it will all come out. Finally the celestia

takes off Thetis, which is no spoiler, I mean, did anybody expect her to be lost? Honestly? The Gazatakh are amazing, again and not only by their combat abilities. We have the Aurora in battle with Jung ships all over the place, we have Nathan locked in a mortal shootout with the Jung general fought in space and on Earth and we have Jessica in a situation that leads to the most exiting air battle and flight scenes Josh and Loki have ever been into. Even better than the famous waterfall episode and the following escape. This one here had me biting my finger nails, literally! Keep going, RB. Very well done, again.3 von 4 Kunden fanden die folgende Rezension hilfreich. Great BookVon ChristiIn my humble opinion "The Frontiers Saga" is one of the best Stories ever writen!
