**Von Ryk Brown : Ep.#11 - "Born of the Ashes" (The Frontiers Saga) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ep.#11 - "Born of the Ashes" (The Frontiers Saga) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. AmazingVon starbooksIHHHow my favourite writer does it again and again. We are with our teams all along the ride. The planning and building of better wappons between the fights, the private moments which make the characters more personal to us, the ever new problems arising and to be faced and those seemingly hopeless situations, all this make

these books so exciting. His space battles are just how I like it, and never boring. The Celestia can finally jump, but the enemy brings bigger guns, situation gets dire above and on Earth, will Takara come up with the means to space the day? Read for yourself, you have waited long enough! It keeps being incredible, that stuff Ryk comes up with! Well done again. 0 von 0 Kunden fanden die folgende Rezension hilfreich. You lost me (spoiler alert) Von Kilian Haus This book is another respectable instalment of the saga with new big fights, more culture and/or character clashes between the protagonists and again some surprising turns. The story line may more predictable than in the beginning of the series and the author has found more new (and ever LESS interesting) ways to pepper the action with highly repetitive descriptions of procedural or technical details, but it is still a good read and keeps you on edge and thirsty for the follow up. Except for some stinging inconsistencies of which I'll hold myself to the example that bothered me the most: Ever since the first Jung "Battle Platform" appeared, I thought that our heroes had finally found the perfect target for their superdestructive "KKV"s aka high speed comm drones. And now, when half the book is about the impending attack of such a behemoth, the author doesn't even bother to find a reason why they can't be used. They get mentioned twice in a distant sort of way like some unwanted soap character whose actor asked for too much money but whose death would be too dramatic. I guess it would just be too undramatic to have an instant off-the-shelf solution for the Jungs' biggest guns. To me personally, that's a great pity because such brazen inconsistencies take the fun out of reading about a fictional universe. If the author is willing to change the exciting mosaic he built whenever some element runs contrary to the Spannungsbogen of the current episode, the whole construct becomes arbitrary. And arbitrariness is for fairy tales, not for good Sci-Fi, imho. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Amazing Von DIMI How is it possible for a writer to repeat himself again and again without becoming bored to death? There is no character development, no action, no new idea... It is like reading the same book over and over again. Please, oh almighty author, redeem your readers and FINISH THIS STORY !

Kurzbeschreibung Episode 11 A world in chaos An eager new ally A newly acquired ship An even greater threat on its way Captain Nathan Scott must decide whether to stand and fight to the end, or live to fight another day even if it means the end of his world. Born of the Ashes is a 122,000 word novel, and is the 11th episode in The Frontiers Saga. Episode 12 is available now!
