Von Ryk Brown : Ep.#6 - "Head of the Dragon" (The Frontiers Saga) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ep.#6 - "Head of the Dragon" (The Frontiers Saga) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich. Breathtaking Von starbooks IH Fast paced well written. Congrats. It was fascinating how he managed to have us follow

three battle scenes simultaneously. Can't stand waiting for the next book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Deus ex machinaVon A.F.H. TintenkriegerAgain, we find alot of Deus ex machina situations in the 6th part of the Frontiers Saga.The decisions made are more and more unbelievable, e.g. they have several jump drives now and they dont even send one shuttle back, which would be directive #1 for any military worth his uniform.And again, Ryk Brown comes up with yet more ideas how to exploit his jump drive. Deus ex machina, really. From using an untested prototype to making this prototype work litereally miracles in just a couple weeks.His understanding of space battles is also somewhat limited. Much of these "battles" read like battles between two water-based ships and cannons, showing clearly where he got his ideas. That these ideas cannot be translated fully to space he should have another look at. Especially: torpedos and missiles do not need a "solution" in space. You tag a target, lock it and fire away. Even modern day electronics can manage as much, not to speak of futuristic technology in a time of space faring.3 stars for the enjoyable storyline and well-written story.2 stars withheld for seriously stressing my suspense of disbelief and using too much d.e.m.I also disagree with other readers that this is one book I wasnt able to put aside. Actually, this is one of the book that really took long to read since it was repetitive and sometimes outright boring. Compared with books from Honsinger, Abnett, Drake this simply doesnt 5 star.0 von 0 Kunden fanden die folgende Rezension hilfreich. PetersenVon KundeSpannend,relativ vielschichtig.Liest sich manchmal wie ein Drehbuch fr eine Space- opera und wird streckenweise etwas langatmig dadurch.Insgesamt aber nettes Lesevergnen.

KurzbeschreibungEpisode 6Time is running outAn ally has all but fallenResources are running lowThe time for attack has come...The Alliance must strike deep into the heart of the empire.This time, the Aurora will be going home, or going to her grave.Head of the Dragon is a 133,000 word novel, and is the 6th episode in The Frontiers Saga.Episode 7, The Expanse is now available on .KurzbeschreibungEpisode 6Time is running outAn ally has all but fallenResources are running lowThe time for attack has come...The Alliance must strike deep into the heart of the empire.This time, the Aurora will be going home, or going to her grave.Head of the Dragon is a 133,000 word novel, and is the 6th episode in The Frontiers Saga.Episode 7, The Expanse is now available on .
