He did it again!Von starbooksIHOk, it was kind of obvious that the homecoming would not be going smooth, otherwise how would there be a next book? But apart from that he kept me on my toes. First I wondered how can that journey through empty space be anything but boring? Than he surprised me by entertaining us with some day to day Routine. Made

you feel like being in board. Than some very interesting technical possibilities occurred or were left for later consideration. Made want to read all about it in later battles. And what he drew out of the hat with the recon flight of Josh and Loki left my mouth open. Can hardly wait for the next book. Actually I could keep reading his stories for years to come, and that in itself is quite a feat. Believe you me.1 von 2 Kunden fanden die folgende Rezension hilfreich. Hey, he did it againVon DIMIWorse and worse. The first novel in this series was not good, but nearly readable. The series declined steeply after this first novel and I don't see the bottom yet. No new ideas, boring characters... Cruft.0 von 1 Kunden fanden die folgende Rezension hilfreich. JeinVon Splash\_42Gilt fr alle bcher der serie:Die grundidee ist recht gut, der plot wird jedoch durch elende ewige diskussionen schmerzhaft in die lnge gezogen. Jeder blick, geste oder wort der protagonisten wird einem vorgekaut und die bedeutung vorhergenommen, nicht, dass sich der leser vielleicht noch selbst gedanken macht!Bin immer noch der meinung, dass es sich um einen star trek abriess handelt. Aber im gegensatz zu kirk, der immer wieder mal alien snatch zu ergattern verstand, leidet der captain hier unter einem Mangel an Privatleben und Persnlichkeit. Geschlechtsverkehr und alkoholkonsum war ihm offenbar nur in der nhe seines Vaters, dem bsen politiker, mglich, also damals auf dessen Party, und natrlich vollkommen betrunken.Und sowieso sprechen die dummen Alien Menschen alle angla, und nicht russisch oder chinesischesch oder indisch, oder was immer! We are all living in amerika!!!!
