**Von Alain de Botton : Essays In Love: Picador Classic (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Essays In Love: Picador Classic (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Don't be confused!Von luigi\_cannelloniThis one is the same as the "On Love" or to put it the way 'round: Essays in Love is actually the British title of the book that the Americans called On Love (very confusing)So, actually, i am talking about On Love... And it is one of the best book i read in quite a while. I could recommend it to anyone, to ones, just

falling in love, the ones in love and of course that ones, which aren't in love anymore and wonder why. I enjoyed reading very much, although, much too often, I felt, he was writing about ME, so, how could he know? Still wondering! :-)

0 von 0 Kunden fanden die folgende Rezension hilfreich. Essay in Love Von Jean Emil Die Nchternheit gegenber dem liebenden und geleibten Gefhl, das analytische Vorgehen des Prozesses ist meinem Geschmack entsprechend. Aber wenn man von der Romantik der Liebe trumt ist diese Lektre nicht empfehlenswert

**Kurzbeschreibung** With an introduction by Sheila Heti A unique love story and a classic work of philosophy, rooted in the mysterious workings of the human heart and mind. Perhaps it is true that we do not really exist until there is someone there to see us existing, we cannot properly speak until there is someone who can understand what we are saying in essence, we are not wholly alive until we are loved. A man and a woman meet over casual conversation on a flight from Paris to London, and so begins a love story - from first kiss to first argument, elation to heartbreak, and everything in between. Each stage of the relationship is illuminated with startling clarity, as de Botton explores emotions often felt but rarely understood. With the verve of a novelist and the insight of a philosopher, Alain de Botton uncovers the mysteries of the human heart. Essays In Love is an iconic book - one that should be read by anyone who has ever fallen in love. **Pressestimmen** The book's success has much to do with its beautifully modelled sentences, its wry humour and its unwavering deadpan respect for its reader's intelligence . . . full of keen observation and flashes of genuine lyricism, acuity and depth. (Francine Prose) Witty, funny, sophisticated, neatly tied up, and full of wise and illuminating insights. (P. J. Kavanagh Spectator) De Botton is a national treasure. (Susan Hill) I doubt if de Botton has written a dull sentence in his life. (Jan Morris New Statesman) Single-handedly, de Botton has taken philosophy back to its simplest and most important purpose: helping us to live our lives (Independent) It's a familiar tale but there is nothing predictable about De Botton's explanation of how love enthral us all. This is no light romance but a sort of "When Harry Met Sally Meets Roland Barthes". . . A novel of wit and insight; whatever the state of your love life, it will make entertaining and sometimes painful, sometimes profitable reading (Time Out) **Werbetext** The classic book on love by the bestselling author of How Proust Can Change Your Life and The Consolations of Philosophy.
