Von Patti O'Shea : Eternal Nights (Jarved Nine Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Eternal Nights (Jarved Nine Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Their future lies in the past.Von GreystarKendall is one tough lady. On the planet Jared Nine she discovers that ancient artefacts are being smuggled by her boss. But without evidence she has no way to stop him. So she ventures into the the mysterious pyramide to gain proof. Just in time her trusted friend Wyatt - special Ops warrior - comes after her.

Only to be overcome by the smugglers and being locked somewhere deep in the pyramid. Wyatt knows a lot about the history of the place they are in and he knows he loves his reluctant companion. But in order to escape from their trap, Kendall has to remember her past, and to realise that only she holds the key to their future.** Quite early the reader finds out about Wyatt's history with the pyramid - and how he feels about Kendall. There is a good plot in the story, we follow several characters around their hunt. And all seek different things, truth, love, trust, compassion. You get the feeling, there is a 'first' part of the story but I do not know it and it does not really matter. The attraction of the two characters is believable but for my taste, it takes a bit long for the heroine to overcome her 'prejudices' with love.

KurzbeschreibungThis book was originally published in 2006 by LoveSpell. Captain Kendall Thomas discovers a group of thieves is looting artifacts from the abandoned alien city on Jarved Nine and smuggling them to sell on Earth. While gathering evidence, she and her best friend, Special Ops Captain Wyatt Montgomery, are trapped inside an ancient pyramid. As they try to find a way out, they're hunted by the smugglers who are determined to stay out of jail and keep their profitable side business going. Wyatt has always considered Kendall to be more than a friend, but he's been biding his time, waiting for the right opportunity to deepen their relationship without scaring her off. The situation they're in now is dangerous, but it also means Kendall can't run from him when things grow emotionally intimate. Getting trapped in the pyramid might be the best thing that's ever happened to him if they make it out alive.
