ride/read! Von _yay_ @ Book that Thing Ares is one of The Four Horsemen of the Apocalypse. A seal is all that's keeping him from becoming War. However, he can't stop his brother's seal from breaking and Reseph turns evil. He then roams the world as Pestilence spreading disease wherever he goes. Ares will be next if his seal doesn't stay intact. The world would end. The keeper of Ares' seal is an angel. Now hunted by Pestilence he transfers it to Cara Thornhart. As a human she is too weak to be the bearer and the seal is bound to kill her. Her death would result in Armageddon. A race against time begins for Ares and his two siblings. He must protect Cara, but there is more to her than it seems and on top of that she makes him feel things, he didn't believe to be capable of feeling. Plotwise I won't go into more detail. See for yourself! Eternal Rider is the first spin-off to Larissa Ione's well-known Demonica series. That, I only found out after reading the book. I haven't read anything by Ione prior to Eternal Rider. Fear not dear readers, I had no problem diving right into the story even though several Demonica characters made appearances. I loved Ares as the dark (anti)hero. Whenever near Cara, the air around him sizzled with suppressed violence (lust would be another perfect fit). Let me clarify that I of course don't mean suppressed violence specifically directed at her, but rather the fact that Ares has a pretty violent nature and tried to reign it in around her. He fought hard to stay in control. On the battlefield is where he let loose and boy - there's a new definition for letting loose. This book is not for the squeamish. Good thing I'm not! With each new character Ione introduced I thought to myself "I hope he gets his own book". In other words: She is a pro at character-development. Don't get me started on the world-building. A great PNR! The only two things that rubbed me the wrong way were... - Beware of Spoilers -...the relatively open end to the story (no worries, not regarding the R in PNR). This is - no question - due to the fact that Eternal Rider is the first of the new series. Each horseman (and woman) surely will get his (her) own book. I also would've loved for some more insight on Pestilence thoughts (and not just his horrifying actions). 4 stars for Eternal Rider by Larissa Ione. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantasy, Erotik etwas Anspruch - gelungener Snack für Zwischendurch Von milkyway Vorab: ich gehe nicht auf den Plot ein, da dies schon viele vor mir getan haben. Ich erzähle euch lieber, was ihr von diesem Buch erwarten könnt... :) Ich bin extrem wählerisch was meine Leserei angeht. Zum einen lege ich viel Wert auf eine gute Schreibweise und glaubhafte Dialoge, zum anderen erwarte ich eine spannende Story, die mich das Buch nicht aus der Hand legen lässt. Außerdem müssen mir die Charaktere sympathisch sein und der Mix zwischen Fantasy und Romantik muss passen. Kein Kitsch! Am schlimmsten sind die Stories, wo sich die zwei sofort verlieben und dann einen Tag versuchen zu "widerstehen" bis sie letztendlich doch im Bett landen, aber sich keine Gefühle eingestehen wollen bis zum letzten Kapitel. *ghn* Ich bin zugegeben immer stundenlang auf unterwegs, um mal wieder etwas zu finden. Dieses Buch ist vielleicht nicht das nächste "Angelfall" oder "Kuss des Königs" (absolute Lieblingsbücher! Unbedingt lesen!), aber es ist was Schönes für Zwischendurch. Nicht zu schwer, nicht zu leicht und es wird auch nicht peinlich (bis auf das Cover vielleicht). Manchmal sind die Sexszenen etwas vorhersehbar, aber bei diesem Buch geht es auch ein wenig um diese Art von Erotik. Ich finde aber trotzdem auch die Story und Charaktere gelungen - vor allem aber ist der Schreibstil richtig gut! Band 2 und 3 habe ich mir aufgrund der Rezensionen und der Stories nicht gekauft - ist einfach nicht so mein Fall. Band 4 habe ich mir allerdings wieder bestellt, da dies eher mein Geschmack ist (sprich: attraktiver, starker Mann mit dunkler Vergangenheit wird unter ihrem Blick schwach... haha). Wie gesagt: kein Tiefgang, aber gute Story, glaubhafte Charaktere, etwas Erotik - perfekt für Zwischendurch! 0 von 0 Kunden fanden die folgende Rezension hilfreich. tolle Serie Von Mona Diese Bücher sind der Hammer und mir gefallen alle wirklich so gut, dass ich auf jeden Fall auch die nächsten kaufen werden

Kurzbeschreibung The prophecies were there but no one listened. Until now. They are the Lords of Deliverance and they have the power to usher in Doomsday . . . or prevent it. His name is Ares, and the fate of mankind rests on his powerful shoulders. If he falls to the forces of evil, the world falls too. As one of the Four Horsemen of the Apocalypse, he is far stronger than any mortal, but even he cannot fight his destiny forever. Not when his own brother plots against him. Yet there is one last hope. Gifted in a way other humans can't - or won't - understand, Cara Thornhart is the key to both this Horseman's safety and his doom. But involving Cara will prove treacherous, even beyond the maddening, dangerous desire that seizes them the moment they meet. For staving off eternal darkness could have a staggering cost: Cara's life. Pressestimmen Sexy heroes, tons of action and an engaging storyline that will chew you up and spit you out with a smile on your face, what more could you ask for? Definitely a MUST read book!
