Beautiful, heartwarming lovestory with lots of steamy stuff :P Von CassandraIt doesn't matter who you love or how you love as long as everyone involved is happy. That's the message Nicole Edwards sends once again after Travis unconventional and so hot love triangle.The story of Ethan and Beau is fun, steamy as hell (I love that), loving,

heartbreaking and makes you wanna yell and slap one of the characters from now and then. It shows how difficult it still is in these days to love freely and openly. We also get a look on the other couples lives from the previous books as their are part of the story as well. and once again this strong bond between the Walker brothers and their parents makes you kinda jealous. On a personal note - I would sell my soul to see a Walker brothers stand up. It makes a girls panties wet just from reading! :-P And again we get a glimpse of what is in line for the next Walker brother! So PLEASE Nicole Edwards hurry up! I want MORE!!!!!!

Kurzbeschreibung  
How long did it take you to find your place in the world? For Ethan Walker, going through the motions of life, keeping his distance, and never getting attached has become the mantra he lives by. Success is measured by how many hours he can work and how little attention he can draw. That was until he landed on Beau Bennetts radar. Until Beau, Ethan had never met a man who could get him to question his own logic and even consider taking a different path. Beau Bennett knows exactly who he is now. It mightve taken him some time to figure it out, but now that he has his bearings, Beau has set his sights on the mysteriously sexy Ethan Walker. Pursuing someone has never been his style, but something is telling him to keep at it because the end result is going to be worth it. Now that theyve found one another, how long will it take Ethan and Beau to accept that their place in the world is... Together?
