This book was just great!Von Ein KundeFelicity Mayfield is a reporter for a magazine who travels along railways to tell her readers about events and places that are there. Felicity owns railway shares from her dead farther. When her uncle asks

her to invest them in his shipping venture to America she agrees and let him sell her shares. She does not know that she does not own these shares until she is 25 years old. The new owner of those shares, Hunter Claybourne, the rich industrialist, threatens Felicity to either marry him for a year and a day when the shares go over into Claybourne's ownership or go to debtor's prison for the next five years. Well, after a night in a sponging house and a talk to her solicitor she reluctantly agrees to marry him under certain conditions. First those two think they can just live their separate lives but their lives are connected and they have to learn to live with each other. This book describes beautifully how they get to know and start loving each other. Hunter Claybourne is a hard industrialist because of his past he keeps hidden while Felicity is a compassionate woman. Hunter's views crashes in some ways with Felicity's and he has to change in this relationship but Mrs. Needham shows this slowly and believable. It is understandable how these two strangers start loving each other while they get know each other. I really liked this book. I liked the two main characters and this relationship was something special. They love and desire each other and it is fantastic to watch them grow and develop. I will get more books from Mrs. Needham. Inken

Kurzbeschreibung Available for the first time as an eBook--from USA Today bestselling author, Linda Needham -- EVER HIS BRIDE. "The plot twists... are refreshingly different from other historical romances, and Claybourne is a fascinating hero." USA TODAY The Darkest Heart -- The Brightest Love His looming form blocks the firelight. His voice is like midnight fog, shivering along her skin. Yet Felicity Mayfield must marry hard, cold Hunter Claybourne, or go to debtor's prison. Boldly, she proposes a bargain to the wealthy financier: she'll become his wife in name only for one brief year -- if he allows her the freedom to continue living an independent life as a roving travel writer. Hunter never suspected a wife would be such a nuisance. It was supposed to be a simple business arrangement. Instead, she has invaded his cavernous home -- rearranging the furniture, winning over his servants, blinding him with sunlight. Her constant presence is unsettling, her lavender scent everywhere, her skin a soft temptation. Suddenly it seems only right that she should wear his ring ... and share his bed. After all, she is his wife. Yet even as Felicity opens a chink in Hunter's heart, her expos of the scandalous workhouses threatens to uncover his darkest secret, forcing him to choose between his hard-won empire and the miracle of love.
