TornVon AstridBackcover text:How far would you go to save your lover's soul? When medical student Valentine

Darrow is bitten by a Vampire on her way home to propose to her lover, Alexa Newland, her life becomes a nightmare. She is consumed both by a craving for human blood, and by an obsession to find her attacker and bring him to justice. Alexa is determined to be everything that Valentine needs, but when Val's appetite outstrips Alexa's ability to nourish her, Alexa risks her life to save her lover. Will Valentine be able to control her thirst for blood and for vengeance? And can Valentine and Alexa's relationship endure against seemingly impossible odds?

My review: This book is really hard to review. On the one hand it is a really good book when it comes down to describing the typical things of the genre, like what does a vampire feel when sucking on someone or what a were feels when changing. Honestly, the authors do a good job there. Nice descriptions, involvement of all senses. I liked that. The problems I had with this book? For one, it didn't touch me. There was no point when I felt any sympathy with either of the two heroines. And then there's the other thing: I had a problem with the point of view. The first half of the book is written from Valentine's/the vampire's point of view, the second half of the book is written from Alexa's/the were's point of view. There are not too many books written in first person point of view that got me. But just last week I finished one that touched me so deeply that it had me in tears for the last twenty or so pages. This didn't happen at any point with 'Everafter'. Still, for those who are looking for a good vampire/were story and don't mind first person point of view. Go ahead. The storyline isn't that surprising. But there aren't so many lesbian vampire/were stories out there. Overall, it's not a bad book. I just couldn't get into it.

Von Philologus
More than your classical Vampire: Val is bitten by a Vampire on the eve she plans to propose to Alexa. Both want to pursue their relationship despite all odds and the deed itself calls for vengeance. This is a very good story with rich detail, hot sex and you get more than you bargained for. I've been bitten and look forward to the next story in this series!
