Kurzbeschreibung There is suffering that comes from hope, but because of hope, suffering can never defeat you. The winds blow across Ephanlarea, and the Great Tyrants poison works deep in the veins of men, as now, in the human kingdoms of Chreos and Nefas, evil conspires and sets its machinations ever closer to war. The Tyrant pulls the strings of the treacherous, paranoia and fear rule the day, and hope fades further from the light. Yet, hope finds its way out of the kingdoms of men, and to the foot of Gray Mountain, in the form of a young girl named Annie, and the ancient map she carries with her. With the map and his companions, Evercloud searches the land for long-forgotten spirits, the Daughters of Earth and Sun, in the hope that they can help to renew harmony in the world, and vanquish the Great Tyrant. Each spirit, holding her own mystical power, and her own piece of the greater puzzle, leads Evercloud closer and closer to the truth of the worlds history, and also, to the truth of his own origin. Meanwhile, the most powerful of the Ancients, Densa, tries to accept the terrible things he has done in the past, and learns to understand the person he is now, all while fighting for the future of who he will become. When the moment comes that defines his very nature, when it forces him to bend to its will or suffer the consequences, will Densa succumb to the darkness and rage he holds inside, or will he find his own war cry?
