Von Jonathan Tropper : Everything Changes (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything Changes (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. teething troublesVon not relatedcompared to other books written by jonathan tropper, with this one i had some teething troubles. it took some time for the plot to get started but finally lead nevertheless in a typical tropper-story with the everytime anew amazing change between smiling amusement and the touching tactfulness. and as there are some

patterns to find in every book, they are to find there as well, for example the theme about finally being adult and do not know where life will lead or the child accompanying the main character...0 von 0 Kunden fanden die folgende Rezension hilfreich. Pure enjoyment! Von Jean C. I enjoyed reading this book as much as I liked "How to talk to a widower". Can't wait to read "Plan B".

Kurzbeschreibung A moving, funny novel of romance and horrible mistakes... from the bestselling author of ONE LAST THING BEFORE I GO. To all appearances, Zachary King is a man with luck on his side. A steady, well-paying job, a rent-free Manhattan apartment, and Hope, his stunning, blue-blooded fiancée: smart, sexy, and completely out of his league. But as the wedding day looms, Zack finds himself haunted by the memory of his best friend, Rael, killed in a car wreck two years earlier - and by his increasingly complicated feelings for Tamara, the beautiful widow Rael left behind. Then Norm - Zack's freewheeling, Viagra-popping father - resurfaces after a twenty-year absence, looking to make amends. Norm's overbearing, often outrageous efforts to re-establish ties with his sons infuriate Zack, and yet, despite twenty years of bad blood, he finds something compelling in his father's maniacal determination to transform his own life. Inspired by Norm, Zack boldly attempts to make some changes of his own, and the results are instantly calamitous. Soon fists are flying, his love life is a shambles, and his once carefully structured existence is spinning hopelessly out of control. From Publishers Weekly The arrival of a long-lost absent father forces a Manhattan man to come to terms with an ongoing romantic triangle in Tropper's latest, a funny, sensitive and occasionally over-the-top comic novel that revolves around the calamitous life of 32-year-old Zack King. King's a horrible job as a corporate drone for a supply company is balanced by his impending marriage to Hope, his gorgeous, successful fiancée. But chaos comes with the arrival of his wacky divorced father, Norm, who left Zack and his two brothers after his wife used graphic pictures of his infidelity as the backdrop for the family Christmas cards. Norm makes himself an unwelcome guest as Zack tries to deal with a potentially devastating health problem and a job crisis that makes him realize how much he hates his life. But the real problem is Zack's growing attraction to Tamara, the beautiful, recently widowed single mother who was married to Zack's friend Rael until a car accident took Rael's life and left Zack alive during an ill-fated road trip to Atlantic City. Viagra-popping Norm becomes increasingly cartoonish as the novel unfolds, and the triangle material is boilerplate, but pithy observations on love, marriage and corporate life give the book a graceful charm. Tropper continues to display a fine feel for romantic comedy in this enjoyable follow-up to The Book of Joe. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Booklist Tropper, author of Plan B (2000) and The Book of Joe (2004), offers up the story of Zachary King, a man in his early thirties facing a possible health crisis and major life changes. Zack is engaged to a beautiful woman, Hope, and slogging through his trying job as a middleman when he discovers blood in his urine. He makes a trip to the doctor, and as he waits for the results, he starts to question everything in his life. His job is thankless, and he is in danger of losing a big account because of another's mistake; his perfect fiancée doesn't look nearly as good to him as his best friend's widow, Tamara; and his feckless father, Norm, has dropped back into Zack's life, and for the first time, Zack finds himself inclined to consider letting the man in. As with any great comedy, high jinks ensue, including a hilarious scene where Zack, Norm, and Zack's roommate try to track down Zack's doctor. But the novel is also grounded by the serious issues at its heart: the tragic death of Zack's best friend, Norm's abandonment of his family, and Zack's struggle to do the right thing. By turns funny and moving, Tropper's warm, winning tale will appeal to both male and female readers and may draw comparisons to Nick Hornby and John Scott Shepherd.
