Shocking! Von Lauren Alumbaugh In the fifth book we fast forward in time a little bit and join the group in the Hive. This is a very emotional installment! I am still shocked over a few deaths, and a few new members. Baby has been keeping a big secret! I can't wait to see what happens in the end, I know it will leave us all in shock. Expect the unexpected!!!

Kurzbeschreibung In *Evil Among Us*, the fifth book in the *Alien Species Intervention #6609* series, Lorna, Jennifer and Seth struggle to reach the Hive amid the chaos of Armageddon. Their bodies and minds wasted, will Lorna survive long enough to rat out Seth's psychotic cruelty? And what of the innocent child, Suzy, who has been kidnapped by Doc Benjamin's tribe of female enslaving barbarians? All those in the Hive now live in harmony. And romance is in the air as survivors become mysteriously fit and robust when accepting the new law of the Hive: Protect the animals at all cost. Netty, Wil and Baby now hold ultimate power with the help of the terrifying Kreyven. Shock after shock ensues as the mysteries of the Hive are unraveled, even as the survivors must mourn unexpected deaths. And as Nettys past finally catches up with her, unanswered questions originating from Baby are solved. Yet one question remains: What fate awaits the beloved planet Earth? *Alien Species Intervention #6609*, is an alien apocalyptic saga spanning 200 years from the Prohibition to the distant future. It encompasses tender love between divergent species, political downfalls and acts of unspeakable violence. When you think you've figured it out . . . WHAM! You won't see it coming. Thriller, horror, science fiction and fantasy all in one, the series is a gripping psychological exploration of how the inherent greed and evil of man is dooming planet Earth and its inhabitants. Warning: *Alien Species Intervention #6609* contains violence that a sensitive reader may find confronting.
