Von dieleseratz
Grundstzlich bin ich von Serien nicht so begeistert, denn schnell verlieren sie ihren Reiz und die Autoren finden einfach kein Ende und wollen nicht einsehen, wenn sich eine Serie totgelaufen hat - so ist es mit Deborah Crombie und auch Peter James. Aber hier handelt es sich tatsächlich um eine ungewöhnliche Ermittlerin mit tragischem Hintergrund, die gleichzeitig sympatisch und unsympatisch wirkt - ein ungewöhnlicher Anreiz zum Lesen. Im zweiten Fall hat es Kim Stone mit einem Fall von Kindesmissbrauch zu tun. Außerdem ermittelt sie auf eigene Veranlassung, ohne dass ihr Vorgesetzter es wissen soll, gegen die Therapeutin Dr. Alex Thorne, die anscheinend ihre eigene dunkle Agenda verfolgt und nicht unbedingt das Beste ihrer Patientin im Sinne zu haben scheint. Das Buch ist unterhaltsam und stellenweise witzig, auch wenn die behandelnden Themen sehr zu Herzen gehen und harter Tobak sind. Gut geschrieben, flssig zu lesen, spannend. Fazit: Ein neuer Stern am Krimihimmel. Lesenswert. Viereinhalb Sterne!
Spoiler: Warum nur viereinhalb Sterne? Jeder Therapeut/Psychologe oder auch interessierte Mensch wei, dass Menschen mit Asperger-Syndrom keine "Simpeltons" sind, wie Dr Alex Thorpe verchtlich sagt. Sehr viele dieser Betroffenen habe besondere Fhigkeiten, sind z.B. "inselbegabte" auf dem Gebiet der Mathematik o.. Deshalb wrde kein Akademiker mit medizinischem Hintergrund einen Menschen mit Asperger-Syndrom so verchtlich behandeln oder ihn so gewaltig unterschtzen - auch kein Soziopath wie die liebe Frau Doktor. Deshalb hat hier das Buch eine gewaltige Logiklcke, denn die Auflsung hngt dran. Trotzdem aber lesenswert!

DI Kim Stone suspects what is going on but cannot prove it. The psychiatrist tries to manipulate Kim as well by delving into her childhood in order to destroy her. Does she succeed? (Read the book!) The book is very well written and the characters realistic. I have read the other book in the Kim Stone series and thoroughly enjoyed it, too. This book is perfect for anyone who likes a good psychological thriller. Have just downloaded Ms Marsons other books and am looking forward to reading them. Recommend you do the same.

Von LizI really enjoy reading Tess Gerritsen, Simon Beckett and so on and was searching for a new crime novelist who can capture me with a gripping story line and fascinating characters. That is what Angela Marsons does in her book series with Detective Kim Stone. It really is worth reading if you're into suspenseful crime novels which you cannot put aside before the book is over.

Kurzbeschreibung
The greater the Evil, the more deadly the game
When a rapist is found mutilated in a brutal attack, Detective Kim Stone and her team are called in to bring a swift resolution. But, as more vengeful killings come to light, it soon becomes clear that there is someone far more sinister at work. With the investigation quickly gathering momentum, Kim finds herself exposed to great danger and in the sights of a lethal individual undertaking their own twisted experiment. Up against a sociopath who seems to know her every weakness, for Detective Stone, each move she makes could be deadly. As the body count starts to mount, Kim will have to dig deeper than ever before to stop the killing. And this time - its personal.
The rising star of the British thriller scene returns with a novel that enthrall fans of Rachel Abbott, Val McDermid and Mark Billingham. Watch out for more from D.I. Kim Stone
A Detective hiding dark secrets, Kim Stone will stop at nothing to protect the innocent.
1. SILENT SCREAM
2. EVIL GAMES
3. LOST GIRLS
4. PLAY DEAD
What readers are saying about Evil Games
Angela Marsons has done it again! Evil Games is an absolutely cracking, five-star read - I devoured it in one sitting. Kim Stone has rapidly become one of my favourite ever detectives, and in this second novel in the DI Stone series she kicks ass more than ever, and I have, once again, been left panting in the corner in dire need of a cup of tea! Reading Room with a View
I'm a little bit speechless to be honest at just how incredible this book was one of the best new crime authors of 2015, maybe even the decade ... Evil Games is a must read book, and probably one of the best I will read this year. Book Addict Shaun
Silent Scream (Book 1) was quite brilliant. Evil Games (Book 2) is EXCEPTIONAL. Clearly, the current rating system is broken as its unable to accommodate books of this calibre. So I give you 6/5 Little Bookness Lane
Evil Games is a clever, action-packed journey into some of society's darkest places, crackling with tension and wit. And DI Kim Stone is the most fascinating character to arrive on the scene since Val McDermid gave us Tony Hill. This is a no-brainer. Read Evil Games. You won't regret it." Mark Edwards
Evil Games is a fabulously dark and chilling read I am a huge fan of D.I. Kim Stone and can't recommend this series highly enough. By the Letter Book s
Yet again Angela Marsons has written a 5* crime novel. I loved Silent Scream... Evil Games is certainly as good as the first, if not better, and I wish I could give it a higher rating than 5/5
Off the Shelf Book s
Once again, Angela Marsons takes us into the life of the brilliant loner DI Kim Stone and gives us an exciting, slightly chilling and totally thrilling read. This is one book that exceeded all of my expectations Get yourself ready to take a day off and immerse yourself in this book. It is worth it. Northern Crime
Angela Marsons is fast becoming THE one to watch in this genre and I would defy anyone not to read and enjoy her writing She truly has a brilliant mind and this book did not disappoint This story has everything, it is riveting, emotional, sad and most of all it has a depth that not many novels can claim to have I highly recommend this one,

Simply brilliant. Postcard sThis book, with every page you turn, gives you goose bumps. I could feel the hairs on the back of my neck standing up and I just didn't want to put it down. It's fantastically written, it's gripping right to the last page and I just can't wait for book three now.
