Awesome adventure Von Anja 4.5 Stars Exploration depicts Jazzmyne Mickelsons journey of self-discovery. She travels to Paris by herself after her husband dies of cancer in need of an adventure and experience all the things she had to sacrifice over the last few years due to her husbands sickness. On the plane she meets Julian St. Sauveur and an

erotic journey begins for both of them. I have loved Jazz from page one. She is a strong biker babe, who is very self-assured when it comes to her work, friends and family. However, the fact that she is unsure and rather self-conscious when it comes to intimacy makes her more endearing and human in my opinion. Also, her humor and self-deprecating ways had me laughing out loud quite a bit throughout the story. Julian, on the other hand, is confidence personified. He is self-assured in most every aspect of life and knows exactly what he wants and goes after it. He is also funny, considerate, gentle, self-possessed, overbearing and possessive. All of this makes one hot package. The two of them together though make one sizzling hot ensemble. Julian helps Jazz discovering her sexuality and the sex is off the charts hot. They complement each other not only in character but also in the bedroom, which makes for some amazingly hot scenes. Their chemistry is very palpable throughout the story. I very much enjoyed this story and cannot wait to read the sequel. The only thing that bothered me a bit were Julian's text messages, which were written in the teenage style that is nowadays mostly used by High School and College students, which I think doesn't fit Julian, as he is very eloquent normally. It just doesn't quite fit his persona. Otherwise I think the book was awesome! And I sure will read more books of this author in the future. If you enjoy a story with smoking hot sex scenes and relatable characters; I highly recommend this story.

Find out as Jazz and Julian explore their potential...  
ber den Autor und weitere Mitwirkende I have been an extreme bibliophile since I was a kid, precociously finishing my first read of "Gone with the Wind" at age 12. I've had lots of stories whirling around in my head over the years and am grateful for the opportunities afforded by the relatively new world of self-publishing. Personally, I am a wife, career woman and mom to 2 amazing little divas. I ride a Harley, have a lot of ink for a girl, a smart mouth and a dirty mind - this latter always with apologies to my mom who wishes she could wash it out with soap! This journey of writing I am on is by far the most landmark moment in my life. I will always hope that my characters and their stories will bring as much enjoyment to my readers as I get from writing them! (
