Kurzbeschreibung So what's a publicist to do? Publicist Shaunna Noble is no stranger to the ego-filled dysfunction of Hollywood's elite, but is she ready for her two biggest clients to turn into her worst nightmare? Kyle Petersen and Michelle Cooper are Hollywood royalty, everyone's favorite celebrity couple, but while on location filming their new summer blockbuster, Kyle ambushes his wife with divorce papers and orders Shaunna to destroy Michelle in the media. Unwilling to comply, Shaunna spectacularly and publicly quits her job, humiliating Kyle in the process. David Quinn, a struggling actor cast alongside the A-listers, is caught in the crossfire. When pictures surface of David and Michelle out on the town, media and fans rush to crown them Hollywood's new hot couple. Kyle explodes, tensions boil over, and everyone's lives and careers are thrown into jeopardy. So what's a publicist to do? Especially when Shaunna finds herself falling in love with the sexy and talented David. Can she put out fires on the set while keeping the flames burning in the bedroom? Love, lies and passion. What happens when the naked truth is exposed?
