Awesome bookVon KWI've read all five books from this series and I just love them. This books has everything

humor, hot sex and suspense. I enjoy reading fiction as an escape. I do not sit down and analyze the fiction to say "Wow, this could never happen in real life" and then become disappointed in the book. I can't wait for the next book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. konstruiert, aber flssig geschrieben Von Familienmanagerin...und von mir in einer kostenlosen Aktion heruntergeladen ;-) Im Mix ist etwas heiße Romanze (teils unglaublich, denn wer luft denn schon den ganzen Tag mit einem herum ?) und trotzdem mal was anderes, wenn sie mehr ist, als man der Optik nach glauben würde Wenn man nicht beranalysiert und einfach nur Action genießt, dann pat das schon - genauso wie ein Block Buster Action Film im TV !

Kurzbeschreibung Keely Walsh has three doctorates, five older brothers and has never met a situation she couldn't handle. While consulting with the NSA, she discovers sensitive government information indicating her brother, a private security operative, is in danger. Keely travels to the dangerous Triple Frontier in South America to warn him and his colleagues and finds the last thing she expects--a man who sends icy shivers down her spine even as he lights every one of her fires. Ren Maddox, co-owner of Security Specialists International, a security firm that works for large corporations and governments, is on an intelligence-gathering mission for the US government when a petite strawberry blonde armed with a Bren Ten and an attitude ten feet tall pops out of the Argentine jungle with a warning of imminent danger. The fact she is one hundred percent correct shocks him to his socks. The fact she is Tweeter Walsh's baby sister and can fight like the fiercest Marine is beside the point. No one who looks like Keely should ever be in danger. And once he gets her out of the current situation, hell make it his life's work to protect the feisty, sexy, little woman from any and all danger. One alpha male. One determined and independent female. One hot, tumultuous relationship. Kurzbeschreibung Keely Walsh has three doctorates, five older brothers and has never met a situation she couldn't handle.
