**Von Sunny Moraine : Fall and Rising (Root Code Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fall and Rising (Root Code Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gelungene Fortsetzung zu Line and OrbitVon BonesIch war ja schon ein groer Fan vom Vorgngerband, und die Fortsetzung hat nicht enttuscht.Es geht direkt weiter mit der Beziehung zwischen Adam Yuga und Lochlan d'Bideshi, bevor es weitergeht im Kampf gegen das Protectorat.Man sollte allerdings mit dem 1.Teil beginnen, sonst wird man

die komplexen Zusammenhänge nicht verstehen. Ich habe mich gefreut, wieder in die Welt der Bideshi einzutauchen, und wem line und orbit gefallen hat, darf beruhigt zugreifen.

Kurzbeschreibung Adam Yuga is on the run. Three months ago, a miracle saved him from the deadly genetic illness that threatens the entire population of his former home, the Protectorate. Now he and his lover Lochlan are searching for a way to heal his people. When they receive a mysterious coded message promising hope, they make a desperate grab for it, and are imprisoned by the very race they want to save. On Lochlans distant homeship, a young pilot named Nkiruka faces an agonizing choice: stay with her lover Satya and live a life of happy obscurity, or become the spiritual leader and the last and only hope for the Bideshi. Nkiruka doesn't want to lose Satya, but worse, she fears she lacks the strength to carry anyone through the coming storm, let alone her entire people. Threads of chance and destiny draw the three together. With the fates of civilizations in their hands, they prepare for a final conflict that might be their only chance for survival or that might destroy them all. \* \* \* \* \* This book can be read on its own, or enjoyed as part of the ROOT CODE series. Word count: 113,900; page count: 432
