Walking the centuries in our myths, our art, our literature, . . and in our dreams. Victims of temptation and sin, they are spirits who fell from Heavens grace,

emerging anew as servants of darkness. Here, in one spellbinding volume, are the most infamous denizens of the Underworld from Lucifer, the first angel who challenged Gods will, to the fathomless legions of demons and fiends who haunt us to this day. Explore their world, hear their stories, unravel their secrets, and discover for yourself that even angels can have a dark side.0 von 0 Kunden fanden die folgende Rezension hilfreich. A usefull reference book for all manner of mythic creatures.Von Ein KundeI am often drawn to forgotten/esoteric with this book some passages became less confusing. Few ancient texts cared to include an adequate glossary for terms such as loa, lerajie, forcas, etc. yet this book does contain them and many less farmiliar creatures in addition the common vampire, lucifer, and zombie listings with a more extensive description than offered popularly. Fascinating and exciting in the very least!Von Ein KundeThis is an incredible book that features most of fallen angels, demons and other legends from the beginning of time, to the present. Lots of documented accounts and plenty of excellent illustrations.
