Von Karin Slaughter : Fallen (The Will Trent Series Book 5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fallen (The Will Trent Series Book 5) (English Edition):

Kurzbeschreibung The fifth Will Trent novel, from the No. 1 Bestseller. Special Agent Faith Mitchell returns home to a nightmare. Her baby daughter Emma has been locked outside, and there's a trail of blood to the front door. Without waiting for back-up, Faith enters the house. Inside a man lies dead in a pool of blood. Most worrying of all, her mother is missing. When the Atlanta police arrive, Faith has some difficult questions to answer. But she has some desperate questions of her own. What were the killers searching for? And where is her mother? Suspended from duty, Faith turns to her work partner, Will Trent. Together he and Sara Linton must piece together the fragments of a brutal and complicated case, and catch a vicious murderer with only one thing on his mind. To keep on killing until the truth is finally revealed.

.co.uk Karin Slaughter's new book, *Fallen*, begins shockingly, with Special Agent Faith Mitchell of the Georgia Bureau of Investigation finding her life abruptly plunged into chaos. Her mother has been charged with looking after Faith's child, Emma, but Faith comes home to discover her baby locked in a shed. In the house, a safe is open, a gun missing, and Faith encounters a grim blood-covered scene, with a man lying dead. And there are two intruders: more death swiftly follows. Questions are plentiful: what were the killers seeking? What does the carnage have to do with the investigation of Ex-Atlanta Police chief Evelyn Mitchell, being undertaken by Faith's partner Will Trent? And where is her missing mother?

Karen Slaughter is a bestselling American author with a dedicated following. She is the celebrated creator of such kinetic crime fiction novels as *Blindsighted* and *Kisscut*, and is streets ahead of her rivals in the fine art of chilling the blood. What's more, she is clearly determined that each successive book should build upon the innovations of its predecessor, as her latest once again demonstrates. No doubt the fast-moving *Fallen* will not be appreciated by those who like their crime fiction more sedate and comforting. But those of us not sharing those views (and with a taste for stronger fare) are in for the usual pulse-increasing ride in the company of up-against-it Special Agent Faith Mitchell. Given that Slaughter is a prolific writer, it is a mark of her skill that there is no sign of her narrative skills showing the slightest sign of exhaustion.

--Barry Forshaw *Pressestimmen* "A complex, gripping and deadly serious novel that reflects anew Slaughter's abundant talent." --The Washington Post "An amazing effort . . . This is [Karin] Slaughter's best book to date, and readers unfamiliar with her work will find this one a perfect place to begin." --Associated Press "An absolute master . . . Slaughter creates some wonderfully complex and mature female characters, a distinctive achievement in the world of thrillers." --Chicago Tribune "Slaughter has always known how to pace the suspense in her stellar crime novels, but she really outdoes herself here. . . . [She] reveals the heart and soul of her characters within a highly choreographed, unrelentingly suspenseful plot." --"Booklist" (starred review)
