Amazing readVon Penny LI just finished reading Falling Deep Into You and I can't say enough good things about the start of Terra's new series!! Miles Callahan is the lead singer of TornPieces and a lead cop on the Emergency Task Force in Toronto, Canada. He is seriously injured during a drug bust that goes wrong, in which he loses his best friend,

Sgt. Ed "Eddy" Simmons. Preslie Summers is an ICU nurse at the main hospital in Toronto. Her best friend, Vikki knows of Preslie's love of cops and has her assigned to room 325, Miles' room. Miles is married at this time, but learns that his marriage is in jeopardy during this time. Preslie broke up with boyfriend David six months ago, after he almost hit her. He acted like he was fine with the split, but now she fears for life. Will Angie and Miles get a divorce? Will Miles and Preslie get to know one another? What is going to happen with David? I don't want to give any spoilers, but I promise you won't be disappointed by reading this book!! You will find laughter, tears, suspense, love, friendship and a whole lot more in this book!!
