Great!Von SiniFis\*\*\*I received this book in exchange for an honest review from the Author and the Lovers of Paranormal Group on Goodreads.com\*\*\*After nearly killing the love of her life, Liz decides there is no other way

than leaving everything and everyone behind and start all over again in Edenton with the one person, she not only owes her life to, but trusts with it. But an old enemy not only brings back the one person she wasn't able to forget but brings her also in the position of deciding between two men, she can't live without. Another amazing book of Brandy. Liz was rescued as a child by Tremaine and fell in love with Robert as a young woman. After nearly killing him, she leaves him and her life as a Silver Council enforcer and starts again in Edenton with the one person she loved all her life. First as a friend, but soon as something more. But there is always Robert in the back of her mind. When he comes back she is torn between the two men and her past. Again, I fell in love with Brandy's characters. She just has a way to capture you and pull you right into the middle of it all. Normally, I'm not a fan of threesomes, but Brandy managed to connect them so easily and natural. It was the only way it all made sense.

Kurzbeschreibung Robert would have done anything for Liz, even let her go when she claimed she needed to be alone. With his life in shambles, he dove into his work as a Silver Council enforcer. Liz never fit in, but to protect her first love, she walked away when a wild burst of magic nearly killed him. Tremaine found her, and helped her put her life back together. The man who tore her world apart awakes from a 21 year slumber with revenge on his mind. Nothing will stop James from tearing the power from Liz's body. After learning James is alive, Robert rushes to Liz and bands together with Tremaine to keep her safe. Facing her worst fears Liz realizes she can only fall apart or fall into place.
