**Von E.K. Blair : Falling (The Fading Series): An epic stand-alone romance (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Falling (The Fading Series): An epic stand-alone romance (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. the darkest and deepest of the three Von fishbone part 3 of the trilogy- tells the story from Ryan's point of view. I was

amazed that a male being could be capable of such insight and tenderness.... is that truly possible or is it female psyche transferred into a male fictitious person? Never mind, it is a book that pulls you forward- the intensity, the inner development of the characters and the plot just compels you to keep on reading - despite having to work I read this book through in three running nights sometimes until daybreak..... and I've just re-read it in parallel to book 1. This is a fascinating idea- like a movie with replay- you can read the same situation twice, each time seen through another person's eyes. The use of language is never offensive, even in the intimate scenes E.K. Blair treats her characters respectfully. She has a way of transporting emotions through her writing that make you physically feel them. Something I have hardly ever experienced while reading a book. Great stuff, once you've fallen in love with the characters you will come back to them again and again.
