It looks as a average story has been put together quickly without the proper knowledge of the topic.There are several factual errors.- Seals work at least in buddyteams. Or as a team of four. They are never teamed as a group of 3 for example.- The expertise in each team is diverse. There is no demolition team consisting of three guys. - Could continue this list furtherHis writing doesn't go very deep below the surface. The characters are monotone, stereotype persons.All in all not worth the hassle.0 von 0 Kunden fanden die folgende Rezension hilfreich. As good as alwaysVon ThrillerfanLiked the whole concept and can't wait until the next one comes out hopefully very soon. Highly recommended read. Go for it

After the false friends are revealed to be two British students, Malik and Chaudhry - former Islamic fundamentalists recruited by MI5 - they become targets themselves. Dan 'Spider' Shepherd must teach the pair how to survive undercover with al-Qaeda closing in. But Spider is not used to playing the handler. And with the line between mentor and friend beginning to blur, and a terrorist plot putting thousands of lives at stake, can he protect everyone before it's too late?PressestimmenLet Spider draw you into his web, you won't regret it.
