Von Vince Flynn : Protect and Defend: A Thriller (A Mitch Rapp Novel) before purchasing it in order to gage

whether or not it would be worth my time, and all praised *Protect and Defend: A Thriller* (A Mitch Rapp Novel):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Super Hero Role for Mitch RappVon Donald MitchellMitch Rapp out thinks, out fights, out shoots, and out negotiates all the bad guys in *Protect and Defend*. If you enjoy seeing the villains get their just desserts, this is the book for you.Israeli intelligence has placed an agent inside of Iran's nuclear weapons facility who pulls off a stunning act of sabotage. Naturally, Iran's leaders want to engage Israel and the United States.Into the breach comes Mitch Rapp who conceives of a plan to use the sabotage to weaken America's enemies in Iran. But executing the plan is easier said than done after Arab terrorists pull a deadly surprise on the CIA. Racing against time, it's all up to Mitch to hold things together.This story has a lot of suspense and moves forward at a breakneck pace. I found myself racing to reach the end. My heart was pounding while I did.Naturally, the story is more than a little over the top . . . so you'll find credibility being bent and mangled here and there. But just go along with the fun and you'll have a good time.Don't make the mistake of looking too closely at the details. Some of them don't work.If you are concerned about things being done according to Hoyle in your thrillers, this isn't the book for you.2 von 2 Kunden fanden die folgende Rezension hilfreich. Number ONE Agenten-Thriller writerVon WolfgangVince Flynn ist die unumstrittene Nummer Eins fr Liebhaber von CIA - NSA - FBI ... Agenten novels. Mitch Rapp rules ! Jack Bauer (24) ist da nur eine blase Kopie.Alle Flynn Bcher sind GENIAL. Enorm spannend zu lesen. Extrem kurzweilig ohne unnutige Schilderungen. Es zahlt nur Story.....0 von 0 Kunden fanden die folgende Rezension hilfreich. buchVon A. Kruspeich bin mit dem Kauf des Buches sehr zufrieden wenn man einmal angefangen hat es zu lesen will man es nicht mehr weg legen

Kurzbeschreibung#1 New York Times bestselling author of *American Assassin*soon to be a major motion picture Vince Flynn's thrilling bestseller sends counterterrorist agent Mitch Rapp on a collision course with America's most feared enemy.No longer willing to wait for the international community to stop its neighboring enemy, Israel brings down Iran's billion-dollar nuclear program in an ingeniously conceived operation. The attack leaves a radioactive tomb and environmental disaster in its wake, and has Iranian president Amatullah calling for bloodAmerican blood. Seeing opportunity where others fear reprisals, Mitch Rapp devises a brilliant plan to humiliate Iran's government and push the nation to the brink of revolution. But when a back-channel meeting between CIA director Irene Kennedy and her Iranian counterpart goes disastrously wrong, Rapp is locked in a showdown with a Hezbollah mastermind in league with Amatullahand he is given twenty-four hours to do whatever it takes to stop unthinkable catastrophe.From Publishers WeeklyDespite Guidall's best efforts, Flynn's words are so flat and his characters and plot so contrived and mechanical that it's hard to imagine who might actually enjoy this listening chore. The subject is certainly timely: what should the U.S. government do to defuse the Iranian nuclear program? Flynn's solution is to have top secret counterterrorism expert Mitch Rapp try to destabilize the Iranian government-a plan which goes wrong when his boss, CIA chief Irene Kennedy, is kidnapped. Guidall does manage to catch some of the sadness in Rapp's heart as he thinks about the loss of his family in a previous novel. But Guidall can't rewrite Flynn's words-very few of which give Rapp any semblance of human feeling. Simultaneous release with the *Atria* hardcover (s, Sept. 24). [He] is the best pure adrenaline-charged action writer out there today." -- Providence Journal
