Von Kevin Weinberg : Psych Investigation Episodes: Episode I (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Psych Investigation Episodes: Episode I (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastisch und -fr Leser die gut Englisch knnen- kaum aus der Hand zu legenVon Katharina Gerlach (Indie Autorin)I

got this book for free and will definitely buy more. I was hooked right on the first page of reading sample. That's exactly the way it should be. I devoured the book in only two days and regretted that I had to set it aside to sleep, feed the kids and work. The main character, Jack Harris, is hilarious (beware, he's got the kind of attitude toward school you hope your kids won't have) with a small amount of common sense. The other characters are likable (except for the villains of course, although their motives were well thought out and presentend too). The seemingly black and white morale I found annoying at first soon turned into a more sinister moos, showing that not everything that's "on the right side" is also right. Kudos to the author. I found this a wonderful novel and highly recommend it to young adults older than 16 (there are some rather violent scenes in the book that will disturb younger readers especially if they're got a vivid imagination). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Klasse Buch Von Marcel Mueller Das Buch hat mir durch und durch gut gefallen. Durch den auergewhlinchen Hauptdarsteller hat man immer etwas zu lachen, wobei actiongeladene Szenen allerdings auch nicht zu kurz kommen. Ich wrde das Buch vorallem Jugendlichen empfehlen.

Kurzbeschreibung Jack Harris thought failing math was the worst thing that ever happened to him. That was before he discovered he had superpowers: before he became the prime suspect in a series of murders. Kurzbeschreibung Jack Harris thought failing math was the worst thing that ever happened to him. That was before he discovered he had superpowers: before he became the prime suspect in a series of murders. ber den Autor und weitere Mitwirkende Kevin Weinberg is a 24 year old computer science programmer slash writer slash anime aficionado. When he was in the third grade, he won an award for "biggest worrier" and then worried he didn't deserve it. He likes and hates everything depending on the day of the week, and he's at the complete mercy of whatever character happens to be running around his head at any given time.
