InterestingVon -KundeDifferent, but not bad. I hab a lot of " Head Cinema " while reading this book. And I liked the Happy Ending.

Kurzbeschreibung Who can resist a free room at the Velvet Glove in exchange for rehabilitating an abused puppy? Certainly not Dane, who accepts the offer, but is surprised find that the pup in question is actually Tyg, a young man and sub who was left by his master, in a cage, with no food or water. Tyg needs help and, Dane is the man for the job, even if he's used to working with animals, not humans. Can Dane rehabilitate a human as he would a dog? Does he even want to? As his relationship with Tyg blossoms into something sweet and heartwarming, Dane thinks he just might, but what happens when Tyg's "owner" returns? Previously published by Torquere Press.
