Von L.T. Smith : Puppy Love (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Puppy Love (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Lots of british loveVon Verena MartinCareful, might contain spoilers!Puppy Love now belongs to the books I really love and most likely will read again.It's not a very long book and it only took me a few hours to finish. But maybe the reason for that was also, because I simply couldn't stop reading.The writing is very well done and I like the way the narrator talks to the reader from time to time. I had a few chuckles and giggles here and there following the two ladies on their

way to finding (puppy) love. Also, if you like the "charm" the British language has to offer - this book is a must read for you. ;) Then there is the story of the little puppy which I (as a huge puppy lover) enjoyed a lot. All in all a funny, sweet and in the end pretty "hot" love story that I wished would have been a bit longer.

Kurzbeschreibung Ellie Anderson has given up on love. Her philosophy is Why let someone in when all they do is leave? So instead, she fills her life with work and dodges her sisters matchmaking. Then she meets Charlie, a gorgeous, brown-eyed Border Terrier. Charlie is in need of love and a home, prompting Ellie to open the doors to feeling once again. However, she isn't the only one who is falling for the pup's charms. Emily Carson is her rival for Charlie's affection, thus starting what can only be classed as a working relationship. By allowing herself to love Charlie, can Ellie open her heart to anyone else?
